The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect your business or any weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Introduction

This paper provides the Audit Committee with a report on progress in delivering our responsibilities as your external auditors. The paper also includes:

- a summary of emerging national issues and developments that may be relevant to you as a Council
- includes a number of challenge questions in respect of these emerging issues which the Committee may wish to consider.

Members of the Audit Committee can find further useful material on our website www.grant-thornton.co.uk, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications - 'Local Government Governance Review 2012', 'The developing internal audit agenda', 'Preparing for the future', 'Surviving the storm: how resilient are local authorities?'

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Audit Manager.

January to April 2013	Ongoing	<p>There are currently no matters arising which require reporting to members other than those set out in the Audit Plan.</p> <p>As part of our interim work we are required to obtain certain assurances from those charged with governance these are the subject of a separate item on the agenda.</p>
<p>2012-13 final accounts audit</p> <p>Including:</p> <ul style="list-style-type: none"> • audit of the 2012-13 financial statements • proposed opinion on the Council's accounts • proposed Value for Money conclusion. 	July to September 2013		

Progress at 5 March 2013

Work	Planned date	Complete?	Comments
<p>Value for Money (VfM) conclusion</p> <p>The scope of our work to inform the 2012/13 VFM conclusion comprises:</p> <ul style="list-style-type: none"> • An initial risk assessment; • A detailed risk assessment focusing on the two specified criteria, that the organisation has: <ul style="list-style-type: none"> ○ Proper arrangements in place for securing financial resilience; and ○ Robust systems and processes to manage effectively financial risks and opportunities and to secure a stable financial position that enables it to continue to operate for the foreseeable future. <p>We will:</p> <ul style="list-style-type: none"> • provide the vfm conclusion at the same time as our opinion on the financial statements; and • Report our findings in the key issues memorandum and financial resilience report 	<p>January to September 2013</p>		<p>Following our initial risk assessment our work will specifically focus on:</p> <ul style="list-style-type: none"> • The medium term financial plan; • 2012/13 financial performance; and • Progress made with savings plans.

Emerging issues and developments

Accounting and audit issues

Implications of the Local Government Finance Act 2012

The Local Government Finance Act 2012 has now been given Royal Assent. The Act has amendments in two areas of local government finance:

- Council tax support will now be localised and local authorities will be responsible for implementing their own council tax reduction schemes.
- 50% of the non domestic rates collected locally will be retained by the local authority. Billing authorities will pay over a share to central government and proportionate shares to their precepting bodies.

In December 2012, CIPFA issued a consultation on proposed amendments to the 2013/14 Code of Practice on Local Authority Accounting in the United Kingdom for the implications of business rates retention schemes. In summary, the changes are to account for business rates in a similar way to council tax. The Comprehensive Income and Expenditure Statement will need to show amounts collectible by each authority. Debtors/creditors will be recognised when these amounts do not match the actual amounts paid by each billing authority over to preceptors and government. The Collection Fund adjustment account will be used for accounting for the differences. Top-ups and tariffs and the safety net and levy will be recognised as grant income or expenditure. Individual authorities in a pool will need to account for their share of income and expenditure debtors/creditors as stipulated in any agreement made by individual authorities in the pool.

Challenge questions:

- Do you know your key risks?
- Have officers ensured the financial impact is fed into medium term financial plans?
- Have officers undertaken modelling of future business rates growth?
- Have officers given due consideration to pooling?
- Have officers considered the possible impact on council tax collection rates if they do reduce benefit entitlement in line with the funding reduction?
- Has your Finance Manager reviewed the proposed amendments to the 2013/14 Code and assessed the potential impact?

Emerging issues and developments

Accounting and audit issues

CIPFA consultation on Service Reporting Code of Practice 2014/15: Adult Social Care Service Expenditure Analysis (England only)

In January, CIPFA issued a consultation on the proposed changes to the Adult Social Care Service Expenditure Analysis. The proposed changes are for a complete revision to the mandatory lines and these have been based on work done by the Health and Social Care Information Centre.

The closing date for responses is 28 February 2013.

Accounting for joint arrangements

IAS 31 classified joint ventures into jointly controlled operations, jointly controlled assets and jointly controlled entities. Under IFRS 11 both jointly controlled operations and jointly controlled assets are classified as joint operations.

Under IAS 31 members of jointly controlled entities were permitted to use proportionate consolidation or equity accounting to account for their interests in the jointly controlled entity's assets, liabilities, revenue and expenses. Under IFRS 11 the ability to use proportional consolidation for interests in joint ventures is no longer permitted. Equity accounting is required.

Last year, Grant Thornton published a flyer 'Accounting for joint arrangements by local authorities under IFRS 11' to highlight the changes being introduced by IFRS 11 'Joint arrangements' compared to IAS 31 'Interests in joint ventures' for 2013/14.

Challenge question:

- Have officers considered the impact of these new arrangements?
- Are you clear on the issues arising for the Authority ?

Emerging issues and developments

Accounting and audit issues

Provisions

Under IAS 37 'Provisions, Contingent Liabilities and Contingent Assets', the criteria for recognising a provision is that there is:

- a current obligation as a result of a past event;
- a transfer of economic benefit is probable; and
- a reliable estimate of the liability can be made.

We wish to highlight the following matters to you for consideration where a provision may be required:

- Mutual Municipal Insurance – the Scheme of Arrangement was triggered in November 2012, therefore it is now virtually certain that there will be a transfer of economic benefit. If this liability has not been discharged by 31 March 2013, we would expect local authorities to recognise a creditor or, if the timing or amount of the payment is uncertain, a provision in their financial statements.
- Redundancy costs –the recognition point for termination benefits fall under IAS 19 'Employee Benefits'. This is generally earlier than the IAS 37 recognition criteria for restructuring which requires that a valid expectation has been raised in those affected. The requirement in IAS 19 is that the entity is 'demonstrably committed'.

Challenge question:

- Has your Finance Manager considered the need for additional provisions for the above matters?

Emerging issues and developments

Grant Thornton

'Towards a tipping point?: Summary findings from our second year of financial health checks of English local authorities '

In December 2012, Grant Thornton published 'Towards a tipping point?: Summary findings from our second year of financial health checks of English local authorities'. This financial health review considers key indicators of financial performance, financial governance, strategic financial planning and financial controls to provide a summary update on how the sector is coping with the service and financial challenges faced. The report provides a summary of the key issues, trends and good practice emerging from the review. The report can be accessed at <http://www.grant-thornton.co.uk/en/Publications/2012/Towards-a-tipping-point/>

Challenge questions:

- Have you considered the findings of the report?
- Are there any issues that relate to your authority and what action are you going to take?

Emerging issues and developments

Local government guidance

'Auditing the Accounts 2011/12' report

In December, the Audit Commission published 'Auditing the Accounts 2011/12'. The report summarises the results of auditors' work on the financial statements of both principal and small bodies. The key finding in the report is that bodies have improved the quality and timeliness of their financial reporting in 2011/12.

Challenge questions:

- Has your Finance Manager identified the key risks for the authority in preparing the 2012/13 financial statements?
- Has your Finance Manager produced a robust and adequately resourced timetable for the production and submission of its 2012/13 financial statements?
- Has this been discussed and agreed with the External Auditors?

'Striking a balance: improving councils' decision making on reserves'

In December, the Audit Commission published 'Striking a balance: improving councils' decision making on reserves.' The report covers the findings from research undertaken by the Audit Commission on the level of reserves that councils hold and the decisions councils make on them.

The report encourages English councils to focus more attention on their reserves. It suggests that management should be providing more comprehensive information on reserves to elected members and councils should provide greater clarity on the reasons for holding reserves. The report includes questions for elected members that will help them in their decision making and scrutiny roles.

Challenge questions:

- Are your officers providing you with the right information about reserves?
- Have you considered the findings of the report and identified where actions are required?

Emerging issues and developments

Local government guidance

'Tough Times: Councils' financial health in challenging times'

In November, the Audit Commission published 'Tough times 2012: Councils' financial health in challenging times.' This is the second report it has produced looking at how councils are dealing with the issues from the Spending Review and focuses on the financial health of councils.

The report finds that councils generally delivered on their planned savings, however, auditors reported that signs of financial stress were visible.

Challenge question:

- Have you considered the findings of the report and any actions required?

'Protecting the public purse 2012'

In November, the Audit Commission published 'Protecting the public purse 2012: Fighting fraud against local government'. The report provides the results of the Audit Commission's annual survey of English local government bodies. It finds that local government bodies are targeting their investigative resources more efficiently and effectively. Local government bodies detected more than 124,000 cases of fraud in 2011/12 totalling £179m. It also reports that new frauds are emerging in areas such as business rates, Right to Buy housing discounts and schools.

The report includes a checklist for those charged with governance to use to review their counter-fraud arrangements.

Challenge questions:

- Have you considered the findings of the report?
- Are there any issues that could relate to your authority and how are these being dealt with?
- Have you reviewed your existing arrangements for tackling fraud?

If you have any fraud queries, talk to your audit manager to see how Grant Thornton could help.
