

**Agenda Item No:**

**Report To:** Overview and Scrutiny Committee

**Date:**

**Report Title:** Ashford Community Safety Partnership: an update on the Community Safety Partnership activity in the Borough

**Report Author:** James Hann, Assistant Health, Parking and Community Safety Manager

**Summary:** The Community Safety Partnership works to make the Borough a better place to live and work and to reduce crime and disorder. Members are presented with statistical information relating to the current Strategic Assessment and the work that has been carried out by partners in the past 11 months.

Members are welcome to ask questions about any aspect of the Community Safety Partnership.

**Key Decision:** No

**Affected Wards:** The Ashford Community Safety Partnership covers the whole borough.

**Recommendations:** The Overview & Scrutiny Committee is asked to note the information contained within this report.

**Policy Overview:** The Overview & Scrutiny Committee is designated as the committee responsible for Crime & Disorder under the Police Justice Act 2006.

**Financial Implications:** The Community Safety Partnership is provided with a grant by the Police and Crime Commissioner.

**Risk Assessment** Not applicable.

**Background Papers:** Community Safety Partnership strategic assessment and tactical delivery plan for 2013/14 (both attached)

**Contacts:** [james.hann@ashford.gov.uk](mailto:james.hann@ashford.gov.uk) Tel: (01233) 330608

## **Agenda Item No.**

## **Report Title:**

### **Purpose of the Report**

1. The Overview & Scrutiny Committee is designated as the committee responsible for crime and disorder under the Police Justice Act 2006. Annually the Committee reviews various aspects of the Community Safety Partnership (CSP).
2. Community safety partnerships are statutory crime and disorder reduction partnerships, enabling responsible authorities to develop and deliver local strategies to reduce crime and disorder. The responsible authorities work with 'cooperating bodies' to achieve their objectives.
3. In April 2013, the responsible authorities for the Borough of Ashford were Kent Police, Ashford Borough Council (ABC), Kent Fire and Rescue Service (KFRS), Kent Probation, Kent County Council (KCC) and the Ashford Clinical Commissioning Group who work together to tackle crime and anti-social behaviour that affects our communities. These agencies have a statutory duty to come together and work with other groups, organisations and agencies to prevent crime and disorder. Other partners include KCA, Moat Housing, Pipeline, Turning Point, Immigration & Border Control, NHS, South East Coast Ambulance Service and the Kent Drug and Alcohol Action Team.
4. The CSP has a responsibility to convene a strategy group of all responsible authorities in the CSP (although it can invite other organisations); prepare a strategic assessment of local crime and community safety priorities, using information provided by partner agencies and the community and produce an action plan to meet those priorities.
5. The Crime and Disorder Regulations 2007 requires responsible authorities to show that their CSP offers value for money.
6. Overview and scrutiny enables councils to hold responsible authorities to account for local action and local public spending. Sections 19-21 of the Police and Justice Act 2006 introduced community safety scrutiny.
7. The role of the overview and scrutiny committee is to review, scrutinise and make reports or recommendations to the responsible authorities of the CSP.

### **Background**

8. Ashford's Community Safety Partnership completes an annual strategic assessment which refreshes the priorities and planned activities to provide the knowledge and understanding of community safety problems to the members of the CSP (Appendix A).
9. The 2013/14 priorities were:
  - Anti-social behaviour and environmental crime

- Domestic abuse
- Substance misuse
- Acquisitive crime
- Violent crime
- Road safety

- Each priority has a lead agency tasked with developing and delivering the tactical delivery plans and updates are provided on a quarterly basis to the CSP.
- Following a review of the community safety work that the Council carries out the Community Safety Service was formed; combining the Community Safety Unit with the monitoring centre.
- 2013/14 saw one of the most ambitious programmes of combined community safety partnership work that the borough has seen. Not all the actions have been completed, as of the date of this report, but the majority of actions have been completed and most of the remaining actions are scheduled to take place in the coming weeks before the end of the financial year.
- On December 12<sup>th</sup> 2013 the Police and Crime Commissioner attended the CSP quarterly meeting and afterwards travelled to Tenterden to see two CSP initiatives taking place in the area. The Commissioner subsequently wrote to the CSP thanking the partnership for arranging the visit and stated:

“I was particularly impressed with the excellent Partnership working demonstrated by Ashford CSP. The enthusiasm portrayed by the staff shone through and I would like to thank all those involved in the visit. The projects being undertaken truly highlight the brilliant initiatives that can be achieved through partnership working.”

## Review of performance

### Anti-Social Behaviour including Environmental Crime

- The information provided in this section is provided by the Kent Police Partnership Pack but unfortunately doesn't break down the type of anti-social behaviour (ASB) incidents reported.

	2010/11	2011/12	2012/13	Difference	% diff	Per 1,000 pop	County Rank 2011/12	County Rank 2012/13
<b>Ashford</b>	3,568	3,826	3,628	<b>-276</b>	-7.1%	30.64	5	6
<b>Kent</b>	53,232	51,318	46,700	<b>-7,644</b>	-14.1%	31.85	-	-

- The data provided above shows the number of incidents of ASB reported to Kent Police for the Ashford borough has decreased by -276 incidents. However, recent statistics obtained have reported that between April 2013 and 23 January 2014 the number of ASB cases was 2103, which is an impressive reduction of 1723 and at the present moment ranks 4<sup>th</sup> in the county.

16. Last year it was reported that Park Farm and Stanhope were most affected by ASB however this year the location has changed with Victoria Ward having the greatest volume with 758 reports.
17. It is reported that the public perceive vandalism, graffiti and deliberate damage; rubbish and litter; and fly tipping to be the most problematic types of ASB.

### **Fly Tipping**

18. Fly tipping incident figures reported by local authorities through Flycapture show an increase when compared to 2010/11 and 2011/12. Data previous to this date since 2006 there was a steady decrease.
19. Below is a table displaying the annual summary of fly tipping incidents as reported by local authorities through Flycapture.

	<b>2005 /06</b>	<b>2006 /07</b>	<b>2007 /08</b>	<b>2008 /09</b>	<b>2009 /10</b>	<b>2010 /11</b>	<b>2011 /12</b>	<b>2012 /13</b>
<b>Ashford</b>	1,177	1,450	1,177	1,123	1,049	876	874	946
<b>Kent</b>	30,692	27,854	21,196	12,963	11,970	10,316	11,620	12,135

20. The locations where fly tipping has been reported in the past few months include the Chilmington area (i.e. Mock Lane, Bartletts Lane and to a lesser extent Chilmington Green Lane).
21. Another area that also has quite a high level of fly tipping at present is rural Great Chart (e.g. Goldwell Lane, Daniels Water, Etchden Road).
22. Some areas have experienced fly tipping in the past year, such as Warren Lane and the Newlands Road & Hurst Lane area (Charing Heath), but this appears to have decreased since November.
23. Fly tipping outside flats / bin stores still remains high. For example the 6 blocks in the Hillbrow Lane area, Bybrook Road, Newtown and in some areas of Stanhope continues to be a problem with bulk items being dumped at the rear of properties.

### **Criminal Damage**

24. Ashford is currently ranked 4 out of the 12 districts with 1 being the lowest. There has been a year on year decrease of criminal damage in the Ashford borough, with a reduction of 57 crimes recorded in 2012/13 when compared with 2011/12. The areas in Ashford that have suffered the greatest volume of criminal damage were the Victoria and Stanhope wards.
25. Work undertaken by the CSP to reduce ASB - Lead agency: Ashford Borough Council:
  - Ensure victims of ASB receive appropriate support, including early identification of vulnerable & repeat victims.
  - Early identification & assessment of perpetrators to ensure appropriate actions are taken; including referral to multi-agency groups which manage

perpetrators, use of appropriate sanctions such as ASBO's & closure orders.

- Provision of Joint Family Management Programme to provide intensive support to parents, where anti-social behaviour & youth crimes are evident. Work closely with Children's Services & other partners to join up work around Ashford Supporting Families.
  - Introduction & adoption of Themis software system for partner recording of ASB. A fully developed case management to strengthen the approach to deal with high risk & vulnerable victims.
  - KCC Wardens to engage with the local community at the earliest opportunity to assess & review impact of ASB upon a community.
  - Pilot Community Resolution Panels in Stanhope & Victoria wards, using a restorative approach to tackling low level anti-social behaviour & neighbour disputes.
  - Attend all repeat victim ASB calls.
  - Multi-agency operations targeting anti-social behaviour hotspots, including a robust enforcement of the Designated Public Places Order and hotspots in the night time economy.
  - To hold school surgeries giving young people the opportunity to discuss concerns.
  - 6 monthly Environmental Visual Audits in Stanhope & Victoria wards to determine multi-agency response to documented issues.
  - Social housing providers to engage in noise related issues and to take enforcement action when appropriate.
  - Provide graffiti cleaning kits to community groups and aim to increase the number of community groups accessing graffiti removal kits and the number of clean-ups.
26. The Ashford Supporting Families programme is being led by Ashford Borough Council in the borough. This national programme has seen a commitment by Kent to turn around 2,560 families over a three year period. The criteria for inclusion are based on three main elements; reducing the number of school absences, reducing crime and ASB and reducing worklessness.
27. The approach is to have a designated worker assigned to each identified family and the four delivery streams of Kent's Family Intervention Model are as follows:
- **Family Intervention Project Workers** providing a persistent, assertive and challenging approach.
  - **FIP Light Workers** are full time dedicated posts focussing on family function providing practical support.
  - **Lead Workers** (allocated from existing key partners) acting as an advocate for the family, with the ability and authority to influence other agencies.
  - **Family Support Workers** dedicated resource focussing on 'initiating' contact with identified troubled families.
28. 165 families have been identified in the borough and a considerable amount of work with partners in the CSP and beyond are starting to have significant impacts on worklessness, school attendance and crime and ASB with some of the families that required a different approach to those tried in the past. A separate report will be made to Members about the results of this initiative,

but the reduction ASB by families involved in the programme is undoubtedly having an impact on the recorded ASB levels in the borough.

29. Ashford and the surrounding area currently has the lowest reports of ASB in the Eastern Division and Ashford's Police are attending more ASB calls than any other area in Kent. In the month before Christmas Ashford had a 100% customer satisfaction rate.
30. There are a number of reasons as to why Ashford is currently being successful in reducing its ASB levels.
31. Operation Claxton ensures that Ashford has a dedicated unit focusing on ASB patrols every day in the hours that ASB is more likely to occur and targets the people that are known to be causing problems.
32. Any young people that are stopped are referred to the Joint Family Management Planning Team to find out why the youths were engaged in ASB and see if there is any support that can be offered at home or in school.
33. Victims of ASB are called back within 48 hours to identify if there was anything more the police or other agencies could have done.
34. The partnership approach means Kent Police work with partners, such as the housing providers and Ashford Borough Council, to resolve as many ASB problems as possible.
35. Appendix B has the details about how the partners have progressed with each task.

## Domestic Abuse

36. The following information has been supplied by Kent Police and relates to the period April - March.

### No of incidents:

	2010/11	2011/12	2012/13	No diff	% diff	Per 1,000 pop aged 16+	County Rank
Ashford	1,307	1,448	1,452	4	0.3%	15.48	6
KCC	18,376	18,978	19,259	281	1.5%	16.28	-

### No of repeat victims (includes 16-17 year olds):

	2010/11	2011/12	2012/13	No diff	% diff	Per 1,000 pop aged 16+	County Rank
Ashford	337	341	352	11	3.2%	3.75	6

KCC	4,403	4,558	4,664	106	2.3%	3.94	-
-----	-------	-------	-------	-----	------	------	---

37. Incidents of domestic abuse continue to increase in Ashford.
38. Information provided by Kent and Medway Domestic Abuse Strategy Group shows that Ashford has seen an increase of 70 visitors accessing the services which is an increase of 41% on the previous year and an increase of 164 visitors since 2010/11. Ashford has the highest number of visitors recorded at a One Stop Shop in the county. The busiest months are November, January, June and May.
39. The breakdown of ethnic grouping that attended the One Stop Shop are 84% white British, 2% unknown and 14% variety of ethnic backgrounds.
40. On a county basis, the majority of visitors are aged between 26 – 39 years (43%). Only one visitor was aged under 18 (Canterbury).
41. Information provided by the Multi-Agency Risk Assessment Conferences (MARAC) and the Multi-Agency Public Protection Arrangements (MAPPA) Coordinator, for the period of April – March advises that in 2012/13 95 cases were presented to MARAC which is an increase of 31 on the previous year. The number of repeat cases for 2012/13 was 27, an increase of 14 compared to the previous year.
42. Information provided in the Kent Police Partnership Pack illustrates that domestic abuse peaked during the months of July, August and December. There was no information provided to advise if repeat victim reporting had a peak period, but in previous years this was fairly even throughout the year.
43. Work undertaken by the CSP to reduce Domestic Abuse - Lead agency: Domestic Abuse Forum
  - Enable 5 schools to have a domestic abuse input, such as "Love Shouldn't Hurt" to year 9 & 10 students.
  - ABC to provide housing and benefit advice at the One Stop Shop.
  - Training for Neighbourhood Police Officers on domestic abuse, delivered in response to feedback from victims.
  - Training for partners (KCC Wardens, Fire Officers, Housing Officers, etc) paying visits on domestic abuse.
  - Seek funding to support independent domestic violence advisors.
  - Improve awareness of One Stop Shop & domestic abuse website.
  - Partners to provide support and involvement in Domestic Abuse Forum.
44. Appendix B has the details about how the partners have progressed with each task.

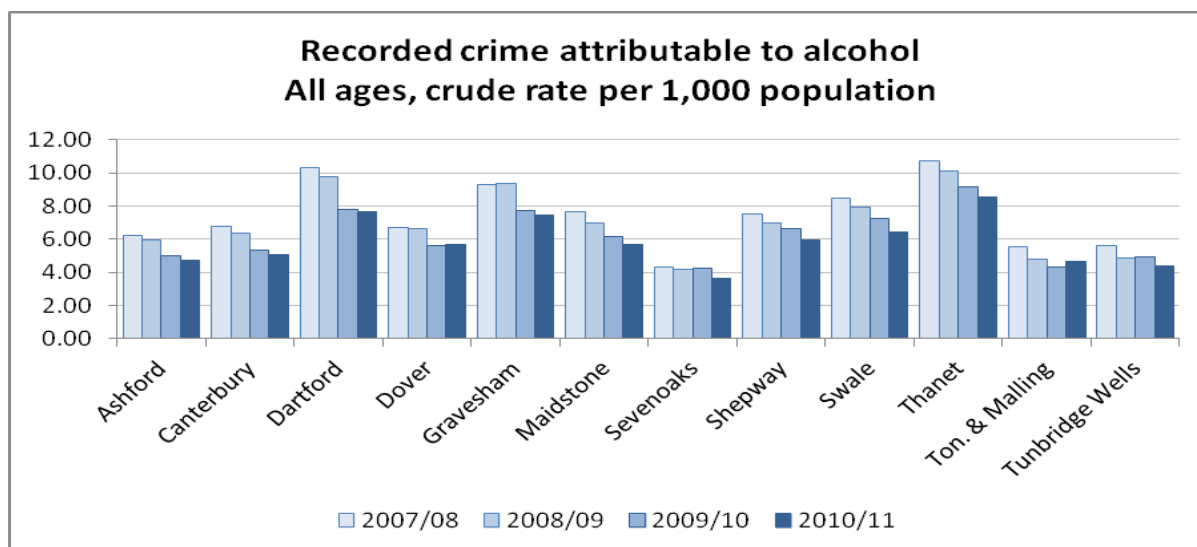

## **Substance Misuse**

### **Alcohol**

45. Information provided by KCC Public Health for the period June 2012 to May 2013 indicates that Ashford has seen a reduction of hospital admissions where alcohol is evident from 57 admissions in 2011/12 to 49 admissions in

2012/13. It is reported that out of the 12 districts Ashford saw the largest decrease and fewest residents' admissions.

46. Recorded crime attributed to alcohol (all ages): Information supplied by the Public Health (Local Alcohol Profiles for England) for period of April to March illustrates that the Ashford has seen a decrease since 2007/08 year on year of crime attributed to alcohol and in 2010/11 532 crimes were recorded.

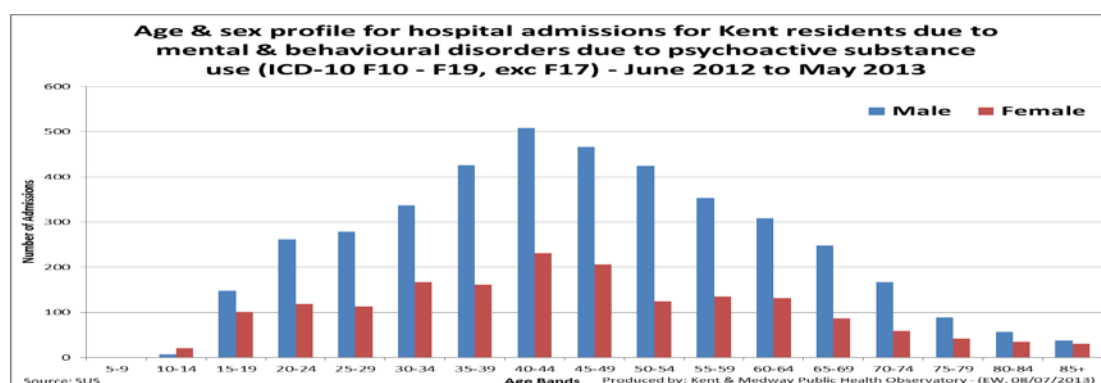

## Drugs

47. Based on information provided by Kent Police for the period April 2012 to March 2013, Ashford has experienced an increase in drug offences from 187 to 225; an increase of 38 offences (20.3%). Victoria ward has the highest volume of drug offences with 64 recorded.

## Psychoactive Substance Use

48. Ashford has seen an increase in admissions to hospital from 214 in 2011 to 250 in 2012/13 for mental and behavioural disorders related to psychoactive substance use. The age group with the highest recording for both male and female is 40 – 44 years.

49. Work undertaken by the CSP to reduce Substance Misuse - Lead agency: Kent Drug and Alcohol Action Team

- Multi-agency awareness day centred around the Stour Centre and Skatepark..
  - Deliver drug awareness briefings to youth services, volunteers working in the community, professionals and parents.
  - Develop the links between the Drugs Liaison Officer and ABC Housing as a standard to roll out to sheltered housing providers.
  - Safety In Action fortnight briefing to 1000 Year 6 children about substance misuse.
  - Use of drama to increase awareness; performed by secondary schools to primary school children.
  - Involvement of specialist staff (e.g. KCA & Turning Point) in the Integrated Offender Management & Ashford Supporting Families programmes.
  - Share drug paraphernalia information found with partner agencies
  - Run a coordinated Kent Community Alcohol Partnership (KCAP) campaign.
  - Improve the links between the substance misuse partners and the housing agencies.
  - Run drug awareness events in schools.
  - Run drug enforcement operations, including licensing controls and other enforcement measures to ensure that licensed premises do not encourage binge drinking, or sell to those underage or allow drug dealing.
50. Appendix B has the details about how the partners have progressed with each task.

## Acquisitive Crime

51. Acquisitive crime is broken down into a number of groupings which are: fraud, metal theft, robbery, shoplifting, theft and handling stolen goods, theft from motor vehicle, theft of motor vehicle, theft of pedal cycle, and theft offences.
52. The following information is provided by Kent Police except for fraud which is provided by British Transport Police. All Police data is for the period April to March but British Transport Police is for July to June.

Crime Type	2010/11	2011/12	2012/13	Apr 2013 – Nov 2013	No diff (comparison of shaded boxes)	Wards with highest volume per 1,000 pop.
Fraud	6	6	2	Info not available	-4	Station based dependent on where identified
Metal Theft	0	0	241	Info not available	241	Information not recorded until 2012/13
Robbery	61	59	42	38	4	Victoria &

						Bybrook
Shoplifting	749	698	752	442	-310	Norman & Victoria
Theft & Handling Stolen Goods	2059	2153	2008	1273	-735	Norman & Victoria
Theft from Motor Vehicle	457	428	504	298	-206	Downs West
Theft of Motor Vehicle	151	121	117	80	-37	Victoria, Saxon Shore & Stour
Theft of Pedal Cycle	108	174	143	108	-35	Victoria, Stour & Norman
Theft Offences	1202	1281	1113	723	-390	Norman & Victoria
Burglary Dwelling	243	300	402	244	-158	Stanhope
Burglary Other	436	479	519	328	-191	Weald North

53. Work undertaken by the CSP to reduce Acquisitive Crime - Lead agency: Kent Police:

- Develop "rapid response" road shows for areas experiencing high levels of acquisitive crime, to raise awareness & provide practical advice.
- Prioritising recent burglary and shoplifting prison releases for the Integrated Offender Management (IOM) programme.
- Probation to highlight releases of prolific offenders to IOM partners in order to manage their risk of re-offending within the community.
- Use of multi-agency Cleansweeps in areas to raise awareness & to reduce acquisitive crimes in areas.
- Smartwater and pedal cycle marking campaigns focusing on bicycles, skateboards & targeting crime hotspots.
- Promote use of property marking website.
- Develop top 3 rural areas and top 3 urban acquisitive crime locations and target partner activity in these areas.
- Develop training brief (retail crime best practice guide) for retail staff - targeting new staff - their responsibilities, assistance available and the law. Promote Operation Aladdin.
- Expand & improve Ashford Partnership Against Crime (APAC) membership.
- Improve retail imposed banning orders - develop the "ban from one, banned from all" approach.

54. Appendix B has the details about how the partners have progressed with each task.

## Violent Crime

55. Violent Crime is broken down in to several categories, which are as follows: assaults, sexual offences, violence against the person, and violent crime.
56. The following is provided by Kent Police, Kent and Medway Public Health Observatory and Kent County Council.

Crime Type	2010 /11	2011 /12	2012 /13	Apr 2013 – Nov 2013	No diff (comparison of shaded boxes)	Wards with highest volume per 1,000 pop.
Assaults		40	38	Info not available	-2	No details provided
Assaults with a sharp object		7	7	Info not available	0	No details provided
Sexual Offences	95	107	110	86	-24	Stanhope, Aylesford Green
Violence Against the Person	989	992	1143	1071	-72	Victoria
Violent Crime	1145	1158	1295	1195	-100	Victoria

57. Also provided in the KCC information provided by Public Health are details on deliberate self-harm which showed a reduction of admissions in Ashford which was the lowest number of admissions in the county with only 178. The highest ranking age and sex profiles for being admitted to hospital for self-harming in males was 20-24 years and females 15-19 years.

58. Work undertaken by the CSP to reduce Violent Crime – Lead agency: Kent Police

- Target serial perpetrators of violence
- Review and comment on the ABC's Licensing Act policy in light of government changes to legislation.
- Support and enhance Ashford's PubWatch and develop PubWatch in Tenterden.
- Improve reporting structure with Street Pastors.
- Run Operation Caddy in 4 schools (drug dog days), providing educational information about drug searches, demonstrating skills of sniffer dogs.
- Education in schools around consequential thinking for bullying / violence
- Enforcement of Designated Public Places Order.

59. Appendix B has the details about how the partners have progressed with each task.

## Road Safety

60. Information provided by KCC Transport Intelligence reports for the period of April to March that Ashford has seen an increase from 492 Road Traffic Collisions (RTC's) to 522 when compared to same period in 2011/12, with an

increase of 29 reports. Of these figures 32 were related to casualties under the age of 16 which was a reduction of 34 when compared to figures the previous year. It is also reported that Killed and Seriously Injured (KSI's) has increased by 37, the highest increase seen in Kent, Ashford is now ranked 12 (highest) in the county.

61. Figures reported via the Kent Crime Victim Survey showed that the public perception on speeding vehicles continues to remain the same in Ashford. However this is not the main cause of accidents according to the information below.
62. The document provided illustrates that during the period of July 2010 and June 2013, Ashford recorded 14 cluster sites; these are displayed on the map on the following page.

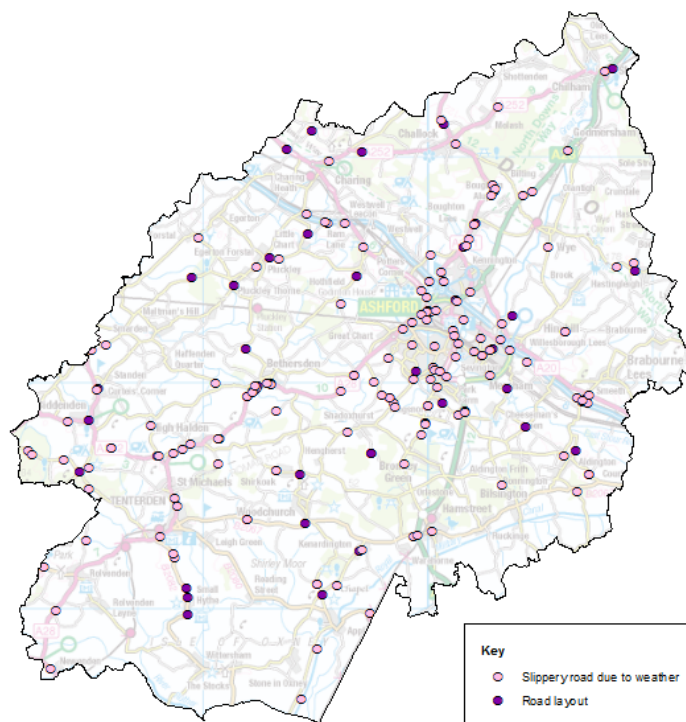

This map is based upon Ordnance Survey material with the permission of Ordnance Survey on behalf of the Controller of Her Majesty's Stationery Office © Crown Copyright. Unauthorised reproduction infringes Crown copyright and may lead to prosecution or civil proceedings. 100019238 (2013).

63. The map below shows routes with the highest total of collisions and highest collisions per kilometre rate in Ashford.

This map is based upon Ordnance Survey material with the permission of Ordnance Survey on behalf of the Controller of Her Majesty's Stationery Office © Crown Copyright. Unauthorised reproduction infringes Crown copyright and may lead to prosecution or civil proceedings. 100019238 (2013).

64. It was reported that “slippery road due to weather” was recorded in the highest number of collisions in Ashford (148), 39 more than the district average. “Road layout” also featured highly and was recorded in 48 collisions in the last 3 years. This is mapped out below:

This map is based upon Ordnance Survey material with the permission of Ordnance Survey on behalf of the Controller of Her Majesty's Stationery Office © Crown Copyright. Unauthorised reproduction infringes Crown copyright and may lead to prosecution or civil proceedings. 100019238 (2013).

65. It is also noted that Ashford’s residents that have been involved in a collision in the Ashford borough is 72.3%, recording the highest proportions when compared against the rest of Kent.

66. The statistics indicate that the three main vehicle types involved in RTC's are cars, motorcycles and goods vehicles. The top three age groups involved in RTC's are 20 – 24 year olds, 40 – 44 year olds and 15 – 19 year olds closely followed by 45 – 49 year olds.
67. Work undertaken by the CSP to reduce Road Safety – Lead agency: Kent Fire and Rescue Service:
- Deliver two Youth Engagement Around Road Safety (YEARS) programmes aimed at 16-24 year olds.
  - Deliver one 5 week Pathway course.
  - Deliver one multi-agency programme to reduce casualty rates amongst 16-17 year old moped riders.
  - Run one Bike Down training event to target motorcyclists of all ages.
  - Deliver road safety advice to over 1000 Year 6 children as part of the Safety In Action fortnight.
  - Run 2 restorative justice events in partnership with the police, fire and ambulance services.
  - Deliver RUSH film programmes to secondary schools and stage at least one event at a rural fire station. Education on the potential risks of being involved in a car crash, either as a driver or passenger.
  - Encourage local car show rooms to run car confidence evenings.
  - Deliver "Licence to Kill" event to pupils attending academies, schools and sixth form colleges. Explore the circumstances and consequences of a road crash.
  - Run two speed events in partnership with the Kent Community Speed Watch in rural areas of the borough.
  - Deliver one Carrmageddon event as part of a multi-agency event.
68. Appendix B has the details about how the partners have progressed with each task.

## **Financial Performance**

69. The Police and Crime Commissioner provided a grant of £33,000 for CSP work that aligns with the Kent Police and Crime Plan.
70. Grants are allocated for initiatives and projects aligned with the CSP priorities and details of the allocations made or about to be made in 2013/14 are summarised in Appendix C.

## **2014/15 Strategic Assessment**

71. On Friday 31<sup>st</sup> January 2014 a working group of the CSP came together to consider the performance of the past year and to recommend to the CSP the following priorities for adoption at the March CSP meeting:
- Domestic abuse
  - Substance abuse
  - Anti-social behaviour and environmental crime
  - Acquisitive crime

- Road safety
- Violent crime
- Rural crime

72. Over the last week and coming few weeks workshops are being held with partners to develop the tactical delivery plans for 2014/15.

## **Recommendations**

73. This report is noted.

## **Portfolio Holder's Views**

74. To be made at the meeting

**Appendix C: Summary of grant allocations**

**Appendix D: Glossary**

# Ashford's Community Safety Partnership

2013/14 Strategic Assessment

# Ashford Community Safety Partnership

Ashford Community Safety Partnership (CSP) is a joint partnership between Ashford Borough Council (ABC), Kent Police, Kent Fire and Rescue Service (KFRS), Kent Probation, Kent County Council (KCC) and the Ashford Clinical Commissioning Group. The agencies have a statutory duty to work together with the support of other groups, organisations and agencies to reduce and deter anti-social behaviour, crime and disorder, and the fear of crime. Other partners include KCA, Moat Housing, Pipeline, Turning Point, Immigration & Border Control, NHS, South East Coast Ambulance Service and Kent Drug and Alcohol Action Team.

## Population profile

The latest population figures from the 2011 Census show there are 118,000 people living in Ashford. Around 62% of the borough's population lives in the Ashford urban area, with the remaining 38% living in the surrounding rural area. Over the last 10 years Ashford's population has grown by 14.9% (an additional 15,300 people) and it is set to continue, with current forecasts suggesting a further 40% rise over the next 15 years. This is the highest rate of growth expected for any Kent district and is three times higher than the county average.

# Foreword

“Ashford’s Community Safety Partnership brings together a variety of statutory, non-statutory and voluntary organisations with a shared commitment to reducing crime and disorder across the district. This strategic assessment gives an overview of what has happened over the past year, with an emphasis on looking forward and focusing on what the partnership intends to achieve over the next 12 months.

“Ashford is one of the safer places to live, visit and work in Kent and the partnership remains committed to keeping it that way. The appointment of Ann Barnes as the new Police & Crime Commissioner for Kent and the replacement of Primary Care Trusts with Clinical Commissioning Groups and development of the Ashford Health & Wellbeing Board, will support the partnership in that process.

“The last year has seen a relatively small increase in overall crime, equating to one extra crime every other day across the district and reflects the challenges presented by the current economic climate. Offences of burglary, vehicle crime and violence continue to cause greatest concern to the public and will remain a priority for the coming year, coupled with a commitment to reduce all crime across Ashford. Incidents of anti-social behaviour saw a reduction over the last year and this demonstrates the tireless work undertaken by Ashford’s Safety Unit in supporting vulnerable and repeat victims. The recent introduction of the Designated Public Place Order in Ashford town centre, aimed at reducing alcohol related anti-social behaviour, is just one example of the work that continues to make our communities safer.

“The key to success for the next year is effective partnership working, not just amongst the agencies involved but also with all the communities across Ashford. It is incumbent upon all of us to strengthen these relationships and work towards a stronger community.”

**Chief Inspector Phil Hibben**

Chair of Ashford’s Community Safety Partnership

**Sheila Davison**

Health, Parking & Community Safety Services Manager,  
Vice-Chair of Ashford’s Community Safety Partnership

# Introduction

The community safety landscape has experienced a number of changes over the past year, the most significant of which was the election of the Police and Crime Commissioner (PCC). Ashford's CSP aims to work closely with the PCC, the County Community Safety Partnership and neighbouring CSPs in terms of joint commissioning and activities. The partnership will maintain a resolutely local focus and ensure that any activity carried out as part of this plan directly benefits the community of the borough.

Over the last 12 months some key achievements of the partnership have been:

Cleansweep operation: this focused on Brookfield Court & the introduction of a dispersal zone to tackle problems of anti-social behaviour (ASB) and the sale of alcohol to underage people

Use of overt cameras in Stanhope, Park Farm and other areas to tackle anti-social behaviour hotspots

The introduction of a dispersal zone for an area in Park Farm experiencing high levels of ASB

A fortnight of Safety in Action, a multi-agency awareness event which reached more than 1,000 year 6 school children

Development of Task & Finish Groups from within the partnership to tackle issues in geographical areas: Dover Place, Stour Centre & Skatepark, Court Wurtin and Chilmington

Park Safe initiative targeting parents of school-aged pupils to encourage them to park safely, particularly in the roads close to schools. Parksafes highlighted the dangers of poor parking near congested school gates and how lives can be put at risk if emergency vehicles cannot get through.

Early adoption of the Troubled Families initiative to target the right resources towards the people who most need them

Multi-agency Cleansweep events in rural areas such as Smarden, Pluckley, Charing, Woodchurch, Shadoxhurst and Edgerton with Kent Police, Kent Fire & Rescue, KCC Wardens and ABC staff to raise awareness of thefts in the rural areas, to identify vulnerable people, offer advice and provide security measures

Smartwater initiatives by KCC Wardens in rural areas to mark personal property

Drug awareness session to over 60 local voluntary, public and private people in the Civic Centre

Development of intervention strategies with youth organisations such as House, Hang 10 and Sk8side to tackle drug abuse in various hotspots in the borough

Initiation of the Integrated Offender Management programme to reduce the reoffending rate of individuals released from prison

## CASE STUDY: Integrated Offender Management Programme

Mr. X is 34 years-old and has spent 18 months in prison due to conviction for robbery. He has a long history of petty offending.

He joined the IOM scheme in June 2012 and since this time has engaged well with police, probation and job centres.

Since joining the scheme, Mr. X has shown determination and commitment and remains both crime and drug free.

The Home Office estimates that 0.5% of offenders commit 10% of offences. In addition 10% of offenders commit 50% of offences. The cost of imprisoning an offender for a year is estimated at £41,000 with each re-offender estimated to cost £200,000. To ensure a reduction in crime, prevent offenders reoffending, and see efficiency savings, the CSP needs to work fully with the Integrated Offender Management (IOM) programme. By offering individuals the opportunity to stop offending the CSP is in a position to improve the quality of living for both the offenders and the community at large.

# Why have a Strategic Assessment?

Community Safety Partnerships have a statutory duty to produce strategic assessments and deliver plans. This document has been developed using evidence and information provided by partners and the community, bearing in mind the priorities of the borough of Ashford and Kent's Community Safety partnerships and aligned, where possible, with the Police and Crime Commissioner's plan for 2013-17.

The strategic assessment is part of an intelligence process used to tackle crime and disorder, and improve community safety. It is produced annually using detailed analysis from the partners and consultation with community groups to explore key and emerging problems. The CSP evaluates the information and determines what needs to be achieved to improve community safety, and how to communicate this information to the public so they feel assured and confident that their concerns are being addressed. This is detailed in the Tactical Delivery Plan.

The strategic assessment must also carry out a regular assessment of the agreed activity contained in the Tactical Delivery Plan and review the outcomes to ensure it is achieving the desired effect.

## The Priorities

Statistical analysis of the information made available by Kent Police, Kent Fire & Rescue Service, KCC, Kent Probation and others was used to produce a scanning exercise of the data relevant to the borough of Ashford. This information (available on the community safety pages at [www.ashford.gov.uk](http://www.ashford.gov.uk)) was assessed at a strategic partnership workshop in February 2013 and led the CSP to identify the following issues as priorities for the partnership in 2013/14.

Priority	Lead Agency
Domestic abuse	Domestic Abuse Forum
Substance misuse	KDATT
Anti-social behaviour & environmental crime	Ashford Borough Council
Acquisitive crime	Kent Police
Road safety	Kent Fire & Rescue Service
Violent crime	Kent Police

Although the partnership does not propose localities as specific priorities, it is agreed that the CSP will support and have specific regard to crime and disorder reduction and community safety in the Victoria and Stanhope wards. The Tactical Delivery Plan stipulates some essential areas for action or consideration, and together with associated targets that the Ashford CSP must monitor.

### Why is domestic abuse a priority?

National research indicates shows;

- One in three women experience abuse in their relationship
- On average there will have been 35 assaults before the victim contacts the police
- Every minute in the UK police receive a call for assistance concerning domestic abuse

- Domestic abuse claims the lives of two women every week
- 30% of domestic violence starts during pregnancy
- 70% of high risk victims have children

Recent research by the NSPCC discovered the following statistics:

- 25% of girls and 18% of boys reported some form of physical partner violence
- 72% of girls and 51% of boys reported some form of emotional partner violence
- 31% of girls and 16% of boys reported some form of sexual partner violence
- The majority of young people either told a friend or told no one about the violence; only a minority informed an adult

In the borough, approximately 50 victims of domestic violence (number of cases minus repeat cases) have been identified as high risk in the last 12 months. Incidents of domestic abuse continue to increase in the borough, although at a lower rate than the county average. Per 1,000 population Ashford Borough ranks 6th in the county for domestic abuse repeat victims and it has a repeat victims percentage of 24.6%.

The Domestic Abuse One Stop Shop, is held every Tuesday at the Willow Children's Centre and continues to be a weekly drop in service for people who are affected by issues of domestic abuse. Multiple agencies attend in order to offer free advice to both victims and other people affected by domestic abuse issues. The service continues to be supported by Family Law Solicitors, PCSO's, Health Agencies, Children's Centres, Floating Support, Victim Support, Children's Social Services as well as offering sign-posting services to housing agencies such as Shelter and the Ashford Gateway.

### Why is substance misuse a priority?

Although England has comparatively high numbers of people experiencing drug problems in the western world, it also has one of the highest proportions of these people in treatment, suggesting this country is making a considerable impact on drug addiction. Drug misusers are at risk of death from an overdose, they may contract and spread blood-borne viruses, suffer poor physical and mental health, and commit offences, all of which impacts upon families, communities and wider society. Dealing with these harms costs the tax payer an estimated £15.4bn a year. In the borough, drug offences have increased slightly by 11 (5.9%), from 188 to 199. This increase is against a county wide fall of 10.7%. Left untreated, drug addiction causes serious health and crime harms for individuals, their families and the wider public.

### Why is ASB a priority?

Anti-social behaviour has a huge impact on victims' quality of life. This is profoundly felt by repeat and vulnerable victims. In 2012 Her Majesty's Inspectorate of Constabulary (HMIC) conducted an ASB review in every police force in England and Wales. Kent & Medway's performance, as rated by HMIC, was positive. The Kent & Medway Community Safety Partnership has set out a strategy to reflect the recommendations in the HMIC report and to address the ASB concerns of our community.

In 2011/12 3,630 ASB incidents occurring in the borough were reported to the police. In 2012/13 the number of ASB incidents occurring in the borough was 3,408 (as of 7th March), a reduction of 222 incidents (6.1%). The single police measure for ASB is the satisfaction of the public's response to the police's response. The force target for 2012/13 was 79.3%. Ashford police currently has a 83.3 % satisfaction rate.

### Why is acquisitive crime a priority?

Shoplifting offences have increased by 92 (13.8%), from 668 to 760 (Oct – Sept 10/11 to 11/12). This rate of increase is counter to Kent's decrease of 3.2%. The borough has the highest volume increase and percentage increase in the county. Per 1,000 population, the borough has the second highest rate in the county. Theft and handling stolen goods (+5.2%), thefts from motor vehicle (+32.4%), theft of pedal cycles (+53.6%), burglaries from dwellings (+97.9%), other types of burglaries (+37.8%) provide an indication that acquisitive crime must be a priority for the coming year. During the same time period the thefts of motor vehicles has decreased by 8.5% and theft offences have decreased by 4.8%.

### Why is road safety a priority?

Major growth in the area will lead to increased demand for travel and the safety of the population is a continuing priority for the council, both for the public they serve and those who live in the area. A safer road network and safe use of the network are key objectives in fulfilling that priority. Considerable casualty reductions have been gained in previous years, specifically in the areas of those killed or seriously injured (KSI). Certain road user groups and social groups in the borough are disproportionately represented in road traffic collisions.

Casualties from road traffic collisions have decreased in the borough by 60 (-11.5%), from 522 to 462, which is encouraging, but Ashford is ranked the second worst performing area in Kent for the crashes per head of population. The borough's priorities are reducing fatalities on rural roads, reducing the number of young adults involved in accidents and reducing the number of children involved in pedestrian and cycle accidents.

### Why is violent crime a priority?

Violent crime has high physical, emotional and financial consequences for individuals, families and society. Serious violence is a significant influence on people's fear of crime. Violence against the person has increased by 102 (9.5%), from 1072 to 1174. Although all violent crime is of concern, it is worth noting that the vast majority of recorded violent offences in the borough were of a less serious nature.

### Tactical Delivery Plans

Tactical Delivery Plans are a set of objectives that support the priorities of the CSP. The plans encourage regular review of the objectives and provide ownership of the goals and actions.

Other priorities also need to be considered with the election of the new Police and Crime Commissioner (PCC).

The PCC's priorities for 2013-17 are:

- Cutting crime and catching criminals
- Ensuring visible community policing is at the heart of Kent's policing model
- Putting victims and witnesses first
- Protecting the public from serious harm
- Meeting national commitments for policing
- Delivering value for money

The PCC is committed to working closely with community safety and criminal justice agencies and in particular will focus on:

- Tackling the root cause of crime and anti-social behaviour
- Reducing reoffending and repeat victimisation
- Improving joined-up working between agencies.

Ashford CSP believes the following tactical delivery plans promote the PCC's community priorities.

### Tactical Delivery Plans 2013/14

Priority: Domestic Abuse						
Action	Target	Evidence	Quarterly Reporting 1 Apr - 30 June 2013	Quarterly Reporting 1 Jul - 30 Sept 2013	Quarterly Reporting 1 Oct - 31 Dec 2013	Main Partner
Enable 5 schools to have a domestic abuse input, such as "Love Shouldn't Hurt" to year 9 & 10 students	500 students awareness levels raised	Audit of students reached, publication of statistics in press release to further raise awareness	Planning of events is progressing, but staff changes at Rising Sun have caused a short delay. DG is waiting for confirmation from RS that each school has a plan for delivery	Feedback is as follows from Rising Sun Project as at 04.09.13: Highworth School - Delivered 4 sessions of introduction to domestic violence. Sessions went well, students engaged; Had a meeting with Homewood School - will be re-contacting them about when sessions are to start; Norton Knatchbull was a whole day session but only with one class. Went well & students were engaged; John Wallis - have sent an email to Rev. Christine Millwood (Dept. Head Teacher); Towers School - have sent an email to Gemma Newton (PSHE co-ordinator) today & look forward to meeting her soon.	Towers School will be provided with a whole school assembly in December 2013 and a selected group of pupils will receive a series of 6 workshops during January 2014. Homewood School still to confirm dates.	Domestic Abuse Forum
ABC to provide housing and benefit advice at the One Stop Shop	Regular attendance at One Stop Shop & evidence of providing value for money	Qualitative feedback research amongst One Stop Shop staff	Attendance by Area Manager at 24 Housing Surgery's	Attendance by Area managers at 16 Housing surgeries (reduction due to school holidays).	Attendance continuing at the One Stop Shop.	ABC Customer, Property & Homes
Training for Neighbourhood Police Officers on domestic abuse, delivered in response to feedback from victims	All Neighbourhood Police Officers to receive bespoke training by 2014	Track number of officers trained. Increase in average monthly visit to One Stop Shop	Still at planning stage. How to resource/who to conduct training. Also considering Forum Pathway document to be formatted for easy carry and use	This has been extended somewhat to include other "professionals" as well as officers. A proposal has been drafted by the sub group to either run an open attendance event throughout a day or a focused presentation, run multiple times. The sub group is to report back at the next Forum meeting in November. It has been noted that ABC has offered a provisional venue.	Ashford Police officers have received and continue to receive appropriate training from within the CSU. However, they can be invited to the event outlined below.	Domestic Abuse Forum

<p>Training for partners (KCC Wardens, Fire Officers, Housing Officers, etc) paying visits on domestic abuse</p>	<p>Run a series of training events to raise awareness to help signpost victims to One Stop Shop, etc</p>	<p>Audit of staff reached, publication of statistics in press release to further raise awareness. Increase in average monthly visits to One Stop Shop</p>	<p>This will be undertaken in Autumn 2013</p>	<p>Working Group has been set up, several meetings already held to discuss the delivery of the training. Date to be provided. Accommodation being provided by ABC.</p>	<p>The concept for this event has now developed as per the following: An event to be held at an ABC venue. The event will be a 60 - 90 minute event/presentation in the morning, followed by another (repeat) event of 60 - 90 minutes in the afternoon. Lunch being the focal/networking point for both morning and afternoon attendees. DA Forum members are willing to attend, but due to limited resources cannot take on the responsibility or arranging the event or managing the invitation/sign up process. It is therefore hoped that ABC can assist in publicising and coordinating attendance at the event. A date and venue needs to be agreed for the event so that DA Forum members can plan their diary.</p>	<p>ABC Community Safety Services</p>
<p>Seek funding to support independent domestic violence advisors</p>	<p>To obtain funding for IDVA post through external funding &amp; partner agencies</p>	<p>Secure funding</p>	<p>Ongoing Have secured funding via the Troubled Families bid process</p>	<p>Working with the Domestic Abuse Forum to secure funding.</p>	<p>It is still to be clarified how to secure funding for 2014/15 and meetings held and work progressing.</p>	<p>ABC Community Safety Services</p>
<p>Improve awareness of One Stop Shop &amp; domestic abuse website</p>	<p>Promotional material in all doctor's surgeries, partner agency buildings, hospitals</p>	<p>Increase in average monthly visits to One Stop Shop</p>	<p>Weekly Twitter by ABC being undertaken to promote the service</p>	<p>Continuing to publicise via ABC Twitter, also cards &amp; posters being distributed, although to ensure stocks are kept ongoing need to secure funding.</p>	<p>Assessment of current stock levels of cards and posters required. Posters now translated in to a number of languages. One Stop Shop feedback form enhanced to establish a precisely as possible "where people hear about the One Stop Shop from" to enable targeted distribution of promotional material and identify gaps.</p>	<p>ABC Community Safety Services</p>

Partners to provide support and involvement in Domestic Abuse Forum	Regular attendance by appropriate partner agencies at the Domestic Abuse Forum	Increase in average monthly visits to One Stop Shop	All Forum members encouraged to invite participants and guest speakers, who ultimately join the Forum. Regular attendance by ABC Housing and CSU officers. KCC Wardens awaiting authorisation from management to attend	Attendance by various agencies at the DA Forum. Community Safety Services are now supporting some administrative support (minute taking) at the DA . Forum. UPDATE FROM DA FORUM: More partners have joined the Forum & attending the One-Stop-Shop. These include Holden & Co Solicitors (who now offer an "out of hours" service to OSS professionals for days other than Tuesdays), Stonham Housing & The Early Intervention Team (who are also allocating team members to the OSS for their development in DA knowledge, whilst providing support to visitors).	Attendance remains excellent from supporting partners. In addition, the PCSO's are proactively inviting known victims to attend the One Stop Shop by contacting them on the day and encouraging them to visit.	All Partners

**Community Safety Partnership**  
Tactical Delivery Plans 2013/14

Priority: Substance Misuse						
Action	Target	Evidence	Quarterly Reporting 1 Apr - 30 June 2013	Quarterly Reporting 1 Jul - 30 Sept 2013	Quarterly Reporting 1 Oct - 31 Dec 2013	Main Partner
Multi-agency awareness day centred around the Stour Centre & Skatepark, including Fire Fit to raise interest	Awareness about drug abuse & sources of advice & assistance raised amongst 500 youths	Audit of students reached, publication of statistics in press release to further raise awareness	Date set for August	Event held on 18th August 2013, no evaluation taken.	Action completed.	ABC Community Safety Services
Deliver drug awareness briefings to youth services, volunteers working in the community & professionals and parents through schools	Raise awareness about substance misuse raised amongst 60 people involved with the public	Qualitative feedback research amongst attendees	Training delivered to staff at K-College by DLO & Turning Point. Advice provided on substance misuse services & referral routes. Agreed to provide drop in services to students which will commence September 2013 Training also delivered to Ashford Girls School and Youth services (ABC staff) by DLO	PC Treadwell has completed inputs to Housing & Schools. He also works with Turning Point to deliver awareness & attended the recent Sk8side event. DUST training delivered to a range of Ashford based agencies within this quarter, inc. bespoke training for Sk8side staff, Jobcentre Plus, Volunteer Bureau, IYS & local churches. Workers from CXX, Stonham & YISP also received training & representation has been made at the What Matters Forum & KIASS meetings.	Drug Awareness Session held on the 9th December with delivery being provided by Kent Police, Turning Point, KCA and Kenward Trust. Presentation centred around local trends with a focus on synthetic cannabinoids, caffeine and energy drinks as well as MDMA and PMA. Approximately 90 practitioners attended. Feedback received was very positive. Further sessions to be planned.	Kent Police & Turning Point/KCA
Develop the links between the Drugs Liaison Officer and Housing as a standard to roll out to sheltered housing providers	Issues involving substance misuse to be notified to poice in advance for coordinated response	Improve links between agencies to assist clients maintaining their tenancies	Joint visits with DLO as and when required & attendance at Drug Awareness Training	Continued joint visits & exchange of information with Kent Police, DUST Training for Team also arranged.	Links have been built and joint working being carried out as necessary.	ABC Customer, Homes & Property
Safety In Action fortnight briefing to 1000 year 6 children	Awareness about substance misuse raised amongst 1000 children	Audit of students reached, publication of statistics in press release to further raise awareness	Completed - approx 1200 year 6 pupils were engaged with about drugs and alcohol at a workshop delivered by Kenward Trust	Delivered in June 2013.	Completed Action.	ABC Community Safety Services
Use of drama to increase awareness; performed by secondary schools to primary school children	Awareness raising across 6 secondary schools & 2 or 3 primary schools	Audit of students reached, publication of statistics in press release to further raise awareness	Not started.	Contact details have been provided by KCA of Drugs advisor who has been involved with a similar project elsewhere.	Initial meeting held with Police School Liaison Officer. To be carried forward to 2014/15.	ABC Community Safety Services
Involvement of specialist staff (eg KCA & Turning Point) in the IOM & TF initiatives	Ensure specialist drug agencies are aware of individuals and families signed up to the two initiatives	Increase number of people entering treatment services	Joint working relationships established with LOM Officer and Turning Point	KCA YPS workers have met with TF leads & have liaised with KCA FIP workers where appropriate in relation to clients & their families. No direct involvement with IOM but workers are based within Youth Offending Teams.	Links have been built and joint working being carried out as necessary.	Turning Point/KCA
Share drug paraphernalia information found with partner agencies	KDAAT, Kent Police, KCA & Turning Point regularly updated on drug paraphernalia finds by contactors, KCC Wardens, dog wardens, Community Enforcement Officers, waste and green team contractors	Qualitative feedback from partners to CSP	Some information currently being provided to DLO but with the introduction of the ASB reporting app it is hoped that an increase of information will be provided to ABC & shared.	Information continuing to be provided & joint visits undertaken where necessary. The ABC reporting app will support this once launched.	Testing underway of reporting app. Improving working links between Turning Point, KCA and Police.	ABC Community Safety Services

Run a coordinated Kent Community Alcohol Partnership (KCAP) campaign	Informing and advising young people on sensible drinking, support retailers to reduce sales of alcohol to underage drinkers, promote responsible socialising and empower local communities to tackle alcohol related issues	Quantative feedback on perceptions of ASB before & after campaign & reduction in criminal damage	Discussions held with KCAP Coordinator and several partners. Initial Partnership meeting to be arranged and actions plans developed.	No further progress made, plans to revisit in Autumn.	Revisit to this project has taken place. Discussions held with the KCAP Coodinator. Research has been attempted to try and establish if statistics can provide an insight into where there may be higher risk areas associated with alcohol misuse however no specific information has been sourced yet.	ABC Community Safety Services
Improve the links between the substance misuse partners and the housing agencies	Regular contact, resulting in a multi-agency approach to substance misuse related tenancy issues	Increase in number of people entering treatment services. Reduction in number of deaths through substance misuse	Attendance at monthly meetings with KCA, JFMP & Social Services including Troubled Families	Continued attendance at regular JFMP / KCA & Ashford Supporting Families Programme meetings.	Continued attendance at regular JFMP / KCA & Ashford Supporting Families Programme meetings.	ABC Customer, Homes & Property
Run drug awareness events in schools	Operation Caddy run in 4 secondary schools/higher education establishments	Audit of students reached, publication of statistics in press release to further raise awareness	Op Caddy carried out at Ashford Girls School, Homewood School & Towers School	No further Caddy events this quarter. There is now limited availability of drug dogs, but attempts will be made to carry further operations out in the Autumn term.	Op Caddy carried out at K College and a further event at Towers School. Letters and information has been sent to all secondary schools and colleges in the Ashford district to raise awareness about legal highs. Task & Finish Group set up. Delivery being undertaken at all secondary schools and colleges by the DLO.	Kent Police
Run drug enforcement operations, including licensing controls and other enforcement measures to ensure that licensed premises do not encourage binge drinking, or sell to those underage or allow drug dealing	Risk assessed top 12 licensed premises are drug swabbed and action plans implemented as necessary	Report to CSP on quarterly basis	NTE Op held on 10 June. Kent Police and ABC involvement. Nightclub - 10 indications of drugs and 3 arrests for possession of Class A	Evening operation took place on Fri 16th July with Police, Council Licensing Officer & an Environmental Health Officer. Total of 70 drugs swabs taken on licensed premises and taxi drivers. This resulted in 18 positive results & searches, with 2 arrests and 2 people being reported for summons.	Evening Operation on 1st & 15th November 2013 involving Police and Council Licensing drug swabs at nightclub and several pubs, as well as at taxi rank. Further evening events planned in 2013 including one in December.	Kent Police & ABC Licensing

## Community Safety Partnership

### Tactical Delivery Plans 2013/14

Priority: Anti-Social Behaviour and Environmental Crime incl Fire						
Action	Target	Evidence	Quarterly Reporting 1 Apr - 30 June 2013	Quarterly Reporting 1 Jul - 30 Sept 2013	Quarterly Reporting 1 Oct - 31 Dec 2013	Main Partner
Ensure victims of ASB receive appropriate support, including early identification of vulnerable & repeat victims	Increase in satisfaction of those who report ASB with overall service provided by Kent Police	Increase in satisfaction with the way police deal with ASB	Attendance and follow up visits made. ASB car (Op Claxon commenced 10th June. Objectives: To run a ring-fenced dedicated ASB patrol 7 days per week covering the hours of 1500-2300; To respond quickly and effectively to reports of ASB in the Ashford District (implementing immediate/early resolution where possible and completing RAMs/5x5x5 and updating JPS where appropriate); To increase satisfaction and reduce incidents of reported ASB and complete follow up visits; To police pred pol areas; Visit and disrupt known/regular offenders and those with ABAs/ASBOs. The ASB car is initially being staffed by PCSOs, but we are hoping to involve KCC Wardens and ABC housing officers etc in the future to promote a holistic approach to problem solving.	July satisfaction rate was 100%, but August was 80% (this being due to one lady not appreciating being referred to the local authority when she reported some flytipping). OP Claxon, ASB Vehicle ensures all ASB victims are visited and the CSU manage all high risk cases.	Current satisfactin rate is 87%. Op Claxon continues and provides a means of early attendance and resolution which is undoubtedly having a positive impact on satisfaction rates. Work is also ongoing with Ashford Borough Council re dealing with environmental ASB such as flytipping and noise complaints.	Kent Police
Early identification & assessment of perpetrators to ensure appropriate actions are taken; including referral to multi-agency groups which manage perpetrators, use of appropriate sanctions such as ASBO's & closure orders	Reduction in the number of anti-social behaviour incidents (including arson) in Victoria & Stanhope wards and town centre	Reduction in ASB and Criminal damage	5 young persons currently subject of ABAs. One young person due in court 18th June re outcome of ASBO application and papers being prepared for ASBO application for a further young person. The latter 2 are both resident and causing issues on the Stanhope estate	ASBO applications being progressed for 2 prolific offenders. Mental health & housing also engaged in problem solving for a number of cases to ensure appropriate resources deal with individual offences.	ASBO obtained with 9 prohibitions. Further application still being progressed. In addition, a Drinks Banning Order (DBO) was obtained by the police licensing officer, which prohibits the recipient from entering all on licence premises in Ashford.	Kent Police

Provision of Joint Family Management Programme to provide intensive support to parents, where anti-social behaviour & youth crimes are evident. Work closely with Children's Services & other partners to join up work around "Troubled Families"	To reduce ASB committed by young persons on the programme	Reduction in ASB and Criminal damage	Currently 14 cases being managed by JFMP officers and monthly multi agency meetings held. Regular police attendance at troubled families meetings and CAFs completed for those being worked with by police (both year 1 & 2)	JFMP are currently working with 13 families and many of these are also linked to the Ashford Supporting Families programme.	JFMP are currently working with 12 families and regularly linking in with the Ashford Supporting Families programme.	Kent Police
Introduction & adoption of Themis software system for partner recording of ASB. Fully developed case management to strengthen the approach to deal with high risk & vulnerable victims	Increase in satisfaction of those who report ASB with overall service provided by Kent Police	Increase in satisfaction with the way police deal with ASB	This project is ongoing at Kent Police HQ and we await implementation.	Themis is due to be implemented within Kent Police over the next quarter & training is now taking place. Partner agencies to be trained and given access to the system following this implementation - dates to be advised by Kent Police HQ.	Themis has now been implemented within the opolice and the next phase is rolling out training and access to other agencies.	Kent Police
KCC Wardens to engage with the local community at the earliest opportunity to assess & review impact of ASB upon a community	Reduction in total number of anti-social behaviour incidents	Reduction in ASB and Criminal damage	Number of community engagement activities undertaken which include: Op Cleansweeps in Town Centre & Stanhope/Singleton; Op Reflect in Tenterden, and the Community Engagement Day at Park Farm	The main emphasis by far has been on Stanhope, in particular during the school holidays. Moat's office & the Library has been the main focus for ASB which has ranged from verbal abuse to minor damage to property. Meeting with wardens, PCSO, Moat & KCC Libraries held to discuss measures to reduce incidents using a more joined up approach to combat the activities of the more disruptive youths. It is also hoped that the opening of the Community Centre in what was the old Police station will provide positive distraction to the more challenging youths that currently frequenting the library.	In Stanhope the Community Centre in the old police station, otherwise known as "The Hub" is now open for a 3 sessions per week. These sessions take part in the afternoon/early evening. It is anticipated that the centre will be open more in the New Year. Community Wardens have also taken part in numerous community engagement programmes including serial operation Cleansweep's, town centre roadshow events and winter fairs.	KCC Wardens
Pilot Community Resolution Panels in Stanhope & Victoria wards, using a restorative approach to tackling low level anti-social behaviour & neighbour disputes	Increase in satisfaction of those who report ASB with overall service provided by Kent Police	Increase in satisfaction with the way police deal with ASB	Not started	Not started.	Discussions underway with Police & Ashford Borough Council for local project in Stanhope. Multi-agency discussion planned for February.	ABC Community Safety Services
Attend all repeat victim ASB calls	To attend all repeat victim ASB calls	Reduction in ASB and Criminal damage	Attendance and follow up visits made by PCSOs. ASB car (OP Claxon) also used to ensure appropriate service/reassurance level to repeat victims	Op Claxon ASB car ensures all repeat ASB victims are visited.	Op Claxon ensures all repeat ASB victims are visited.	Kent Police

Multi-agency operations targeting anti-social behaviour hotspots, including a robust enforcement of the DPPO and hotspots in the night time economy	Reduction in the number of anti-social behaviour incidents in target areas	Reduction in ASB and Criminal damage	A police led DPPO op has already been carried out and future multi agency enforcement operations to be planned. Multi agency night-time economy op conducted 10th June. Park Farm Community Engagement day held to mark end of dispersal zone. Op Cleansweeps carried out in Victoria, Stanhope & Singleton	Mult agency NTE operation on 16th August to tackle food premises, licensed premises, drunkenness & taxi drivers. Multi-agency cleansweep planned for 8th September to tackle ASB of lorry drivers parking in the district.	Multi agency NTE op on the 15th November resulted in good public feedback and a positive media write up. Further op planned for December.	Kent Police
To hold school surgeries giving young people the opportunity to discuss crime concerns, including Firefit to raise interest if available	To raise awareness in at least 4 schools of ASB & its effects. To learn of emerging patterns affecting young people	Audit of students reached and qualitative feedback to CSP	Not started	Not started.	Discussion with Police Schools Liaison Officer on current plans. Proposals to be discussed with new KCC Warden Supervisor for roll out in Spring 2014.	ABC Community Safety Services
6 monthly EVA's in Stanhope & Victoria wards to determine multi-agency response to documented issues	Improvement in environment in Stanhope and Victoria Wards	Reduction in ASB and Criminal damage	Trial EVA in Little Burton on the 3 July 2013	EVA carried out in Little Burton in July. Dates being set for Stanhope & Victoria ward.	Planning on conducting EVA for Stanhope and Victoria in early 2014.	ABC Community Safety Services
Social housing providers to engage in noise related issues and to take enforcement action when appropriate	Reduction in noise hotspots associated with residents of social housing	Reduction in noise related ASB	Regular attendance at CSU meetings with partner agencies, joint working with Kent Police when appropriate, eg: Brookfield Court	Continue to work closely with Kent Police regular joint visits being carried out, attendance with partners at the monthly CSU meeting.	Ongoing.	ABC Customer, Homes and Property
Provide graffiti cleaning kits to community groups and aim to increase the number of community groups accessing graffiti removal kits and the number of clean-ups	Increase local community's role in removing environmental crime	Quantitive feedback on number of kits & groups	Will commence once the refuse and recycling activity in the borough as been completed	Five kits loaned out to community groups.	None provided during this quarter.	ABC Green Team & Open Spaces

**Community Safety Partnership**  
Tactical Delivery Plans 2013/14

Priority: Acquisitive Crime						
Action	Target	Evidence	Quarterly Reporting 1 Apr - 30 June 2013	Quarterly Reporting 1 Jul - 30 Sept 2013	Quarterly Reporting 1 Oct - 31 Dec 2013	Main Partner
Develop "rapid response" roadshows for areas experiencing high levels of acquisitive crime, to raise awareness & provide practical advice	Roadshow to be visible within 7 days of area being identified. Reduction in acquisitive crimes in the area	Qualitative feedback & reduction in theft and handling offences in targeted areas	Roadshows delivered in County Square & Ashford Gateway; Doorstep Crime events in Hamstreet & Woodchurch.	Wardens have continued to respond to incidents involving residents who have been victims of acquisitive crime on an individual basis, providing reassurance, advice & prevention equipment (shed & window/door handle alarms). Crime prevention advice has also been given to groups/clubs where there has been a noted increase in criminal activity.	Induction meeting with new KCC Warden Supervisor to discuss progression has taken place. Plans underway to develop rapid roadshow facilitated in early 2014.	KCC Wardens
Prioritising recent burglary and shoplifting prison releases for IOM programme	Increase in offenders involved in IOM & subsequent reduction in reoffending rate	Reduction in reoffending rates	Ashford currently have 7 offenders engaged in the IOM programme	Ashford have 9 offenders.	Ashford have now seen a reduction to 7 offenders on the IOM programme.	Kent Probation
Probation to highlight releases of prolific offenders to IOM partners in order to manage their risk of re-offending within the community	Reduction in reoffending rate in areas highlighted	Reduction in reoffending rates	Probation together with Ashford Police continually seek to identify prolific offenders pre release in order to engage them in IOM programme. Currently no Ashford IOM offenders are designated Prolific offenders	TO FOLLOW	Police are carrying out targeted work to identify those offenders that have a greater impact on reduction of burglary and vehicle crime and will continue to work with IOM partners to identify interventions to support those offenders from reoffending.	Kent Probation
Use of multi-agency Cleansweeps in areas to raise awareness & to reduce acquisitive crimes in areas	Reduction in acquisitive crimes in the area. Raised awareness	Qualitative feedback & reduction in theft and handling offences in targeted areas	Two multi-agency Cleansweeps delivered, one in Town Centre (30/04/2013) and the other in Stanhope & Singleton (07/06/2013)	Update on last quarter: Cleansweep operation carried out at the Orbital focusing on HGV drivers; Police and bailiffs supported ABC & a number of unpaid fines were recovered. Further HGV Cleansweep was planned for this quarter but unfortunately had to be cancelled.	Cleansweep in the rural areas to west of Ashford have taken place in December targeting areas showing a higher level of acquisitive crime. Media involved.	ABC Community Safety Services

Smartwater & pedal cycle marking campaigns focusing on bicycles, skateboards & targeting crime hotspots, including Firefit to raise interest if available	Reduce thefts & increase % of items returned to owners. Increase in community groups running property marking events	Reduction in theft and handling & increase in stolen property returned to owners	Bike marking events at Aldington on 22/05/2013 & Tenterden on 23/05/13 & 19/06/2013.	Some ad hoc cycle marking completed but no large scale initiatives for this period. Ashford Wardens are putting together a team project intended for launch in time for road safety week (Nov) which, subject to funding, will involve cyclemarking & other related equipment (lights & reflective armbands).	The Ashford Community Wardens conducted a team project called "Lights for Bikes" for two weeks, from Monday 18 November to Friday 29 November 2013. This time period also coincided with Road Safety Week. During this project, talks were held concerning bike safety and resulted in between 500 - 600 bike lights and flashing arm bands being given to the public. Furthermore, as a result of the project more talks and requests for both arm bands and flashing bike lights have been received from different organisations and these will be seen by the wardens accordingly in the near future.	KCC Wardens
Promote use of property marking website	Increase in % of items returned to owners	Reduction in theft and handling & increase in stole property returned to owners	Property marking events carried out at Park Farm; Tenterden and Sk8side.	Various property marking events held, including event at Sk8side. Drive on property marking focussed on sports clubs across the district & sheds in areas affected by theft.	Various property marking and general crime prevention initiatives undertaken throughout the quarter. These have been targetted in the rural villages, the town centre and Kennington (based on current and historic crime patterns for the time of year).	Kent Police
Develop top 3 rural areas and top 3 urban acquisitive crime locations and target partner activity in these areas	To have reduced crime in these areas & to have raised awarenes of precautionary measures public and businesses can take	Reduction in theft and handling	Intel product requested to identify top 3 rural and urban wards	Regular UMIC activity by PCSO Stevens. Leaflet drops & door-to-door advice givent to residents in highlighted areas. Crime prevention roadshow being developed for the rural area in November.	UMIC activity continues. The top 3 urban wards are Victoria, Norman and Stour. The top 3 rural wards are Weald Central, Wye and Weald South. Crime prevention activity has been targetting in these areas, including leaflet drops, high viz patrolling and properting marking events.	Kent Police
Develop training brief (retail crime best practice guide) for retail staff - targeting new staff - their responsibilities, assistance available and the law. Promote Operation Aladdin	To ensure all retail staff are aware of their responsibilities and the law. Prevent and deter shoplifting	Reduction in theft and handling	Training brief to be developed in conjunction with APAC. In the meantime advice is given at APAC meetings in respect of deterring shoplifters. Currently 10 organisations signed up to Op Aladdin and awareness is rising.	Operation Aladdin working well. UMIC activity is limiting outlets available for theives to sell to. APAC briefing held for members on a monthly basis. APAC to progress training brief.	Op Aladdin continues, as does the UMIC activity. APAC are now under new chairmanship and will shortly be recruiting a new co-ordinator. Training brief to be progressed when he/she is in post.	Kent Police

<p>Expand &amp; improve Ashford Partnership Against Crime (APAC) membership</p>	<p>Increase use of Town Net radios, improve exchange of information &amp; images to prevent &amp; deter crime by challenging potential offenders</p>	<p>Increase in exclusion notices and reduction in theft and handling. Decrease in shoplifting offences</p>	<p>This is a day to day issue of trying to increase membership, however the falling number of premises and the financial restraints on them has a direct impact on this. Intelligence meetings are continuing with members obtaining images of prolific and excluded persons. however, this has not been the case over the past months. It will now continue as previous meetings.</p>	<p>Following August Intel Meeting a further 3 persons have been excluded. This brings the total to 12 persons on the Retail Exclusion. Next Intell meeting 2/10/13 and to continue monthly there after. Regarding the Information sharing with Monitoring Centre, AMC have access to Partnership Web site. Discussions held with James Hann (CCTV) regarding further cementing of Information Sharing. Both parties to look at Kent &amp; Medway Information Sharing agreement. Work in progress.</p>	<p>The APAC coordinator resigned in October. A new chair has been appointed for both APAC &amp; Pubwatch who will also be the radio coordinator.</p>	<p>APAC</p>
<p>Improve retail imposed banning orders - develop the "ban from one, banned from all" approach</p>	<p>Top 10 shop lifting sites to work in partnership with each other with banning orders working across stores. Photos of banned individuals shared with monitoring centres</p>	<p>Number of banning orders in effect across top 10 and reduction in theft and handling decrease in shoplifting offences</p>	<p>Following several years of development all members have access to the intel web page to upload images &amp; incidents including monitoring centres. Banning Orders are used by members stores &amp; individuals who are actively involved in crime can receive an Exclusion Notice (banning order) for members stores. Some of the top 10 stores that are targeted by shoplifters are not members of APAC but have been approached to attend Intel Meetings &amp; become associate members. As associate members they sign up to our information sharing agreement &amp; therefore comply with Partnership Protocols and the Data Protection Act.</p>	<p>12 Excluded persons at present on Partnership list. Only members can share information due to Data Protection. Sites to be identified &amp; measures put in place to share information.</p>	<p>Work in progress, update to follow in final quarter.</p>	<p>APAC</p>

## Community Safety Partnership

### Tactical Delivery Plans 2013/14

Priority: Road Safety						
Action	Target	Evidence	Quarterly Reporting 1 Apr - 30 June 2013	Quarterly Reporting 1 Jul - 30 Sept 2013	Quarterly Reporting 1 Oct - 31 Dec 2013	Main Partner
Deliver 2 Youth Engagement Around Road Safety (YEARS) programmes aimed at 16-24 year olds	Target young people with motoring offences, those with concern around motoring-related activity and those identified as risk takers	Numbers targeted and reached	YEARS event held on 26th April with approx 10 young people at Ashford Fire station	Noting to report	Event being held at Tenterden fire Station for Homewood School pupils on the 11th & 12th December - engaging with approximately 250 pupils plus approx 10 young offenders	KFRS
Deliver 1 x 5 week Pathway course	Provide work skills to 16-24 year old NEETS, such as team work, problem solving & communication, & health and safety qualification	Numbers targeted and reached. Reduction in KSI	Pathway Course commenced on the 6/6/13 with an initial very low turn out from JCP referrals of 4 from the 30 possibles. Course was going to be cancelled but I have supplemented the course with young people from the PRU so approx 12 attendees with the course running well	TO FOLLOW	Pathways Course being delivered for 9 days during November & December. 25 people registered and attending, with 5 already finding employment during the course period.	KFRS
Deliver one multi-agency programme to reduce casualty rates amongst 16-17 year old moped riders, including Firefit to raise interest if available	Use local, county and national partners to increase the knowledge amongst young motorcyclists of which types of roads most fatal and serious crashes happen & what to do if a crash occurs	Attendance at event, awareness levels before & after event. Reduction in KSI	Not started	Working with KFRS & KCC Road Safety Teams on ideas.	Discussions on current delivery by KFRS and KCC Road Safety to see what can be added.	ABC Community Safety Services
Run 1 Bike Down training event to target motorcyclists of all ages	Teach practical skills to help avoid being involved in a crash & advise on what to do if first on the scene of a crash where someone is injured	Attendance at event. Awareness levels before & after event. Reduction in KSI	Biker down event held at Ashford fire station on 4th June with 30 bikers attending a really good session. KSI figures to be monitored.	TO FOLLOW	Events being regularly held at Ashford.	KFRS
Deliver road safety advice to over 1000 year 6 children as part of the Safety In Action fortnight	Raise awareness amongst year 6 pupils on road safety, including pedestrian and cycle safety	Numbers targeted & feedback after event	Completed - approx 1200 year 6 pupils were engaged with about road safety at a workshop delivered by KCC Road Safety Officer supported by Community Wardens	Action completed	Action completed.	KCC Road Safety
Run 2 restorative justice events in partnership with the police, fire and ambulance services	Provide safety advice to targeted drivers in partnership with police, fire and ambulance services	Numbers targeted & feedback after event	RJ training carried out jointly with Tunbridge Wells police on the Twells/Ashford border - a number of members of the public spoken to re lack of seatbelt. Ashford event to be organised with partner agencies	Awaiting some potential dates from Stuart Tickle to progress this.	Information provided from Richard Lawson re changes to the way fines are handed out which may be an opportunity to introduce additional restorative practices	Kent Police
Encourage local car show rooms to run car confidence evenings	Improve confidence and safety awareness amongst drivers	Numbers targeted & feedback after event	Not started	No action taken at present.	Programmed for 2014.	ABC Community Safety

Deliver RUSH film programmes to secondary schools & stage at least one event at a rural fire station. Education on the potential risks of being involved in a car crash, either as a driver or passenger	Provides safety advice & raises awareness at 15-16 year olds. Highlighting the vulnerability of their age group and provides strategies aimed at reducing risk and staying safe on the roads.	Numbers targeted & feedback after event	Awaiting names of schools attended in Ashford. Mick Pitney is organising an event in Tenterden fire station following the summer	TO FOLLOW	Event being held at Tenterden fire Station for Homewood School pupils on the 11th & 12th December - engaging with approximately 250 pupils plus approx 10 young offenders	KFRS
Deliver "Licence to Kill" event to pupils attending academies, schools and sixth form colleges. Explore the circumstances and consequences of a road crash	Provides safety advice & raises awareness of year 12 & 13	Numbers targeted and feedback after event	L2K is being held in November in 3 locations. Thanet, Medway and Maidstone. All Ashford schools will be invited and usually has attendance in excess of 2000 school pupils year 13	TO FOLLOW	John Wallis, Norton Knatchbull and Homewood attended with approx 750 year 12/13 young people at the "Licence to Kill" event in Margate.	KFRS
Run 2 speed events in partnership with the Kent Community Speed Watch in rural areas of the borough	Community engagement in targeting speeding issues in rural communities	Numbers targeted & feedback after event. Reduction in KSI	Event not yet delivered	Information has been received that the Speed Watch coordinators undertake regular speedwatch activities and information is passed to Police. Need to identify what happens to the information provided and where the activities are carried out and how this are identified as areas to benefit from such activity.	Further investigations taking place.	KCC Road Safety
Deliver 1 Carrmageddon event as part of a multi-agency event	Raise awareness amongst young drivers in a location where young drivers gather	Numbers targeted and feedback after event	Event at Stour centre to be confirmed and delivered by KFRS at pre planned multi agency event.	TO FOLLOW	This event was delivered by Sk8side but KFRS was not invited to attend. KFRS are happy to be involved if the event is redone in 2014.	KFRS

**Community Safety Partnership**  
Tactical Delivery Plans 2013/14

Priority: Violent Crime						
Action	Target	Evidence	Quarterly Reporting 1 Apr - 30 June 2013	Quarterly Reporting 1 Jul - 30 Sept 2013	Quarterly Reporting 1 Oct - 31 Dec 2013	Main Partner
Target serial perpetrators of violence	Reduce repeat violent reoffending through PubWatch briefings, targeting & case management	Reduction in violent offences for top 10 nominals	Licensing officers (ABC & Police) to work with APAC to implement Tenterden Pubwatch and to reinvigorate Ashford Pubwatch	Pubwatch meetings held regularly & the scheme bans violent offenders from all pubwatch premises. Prison release visits carried out by police to violent offenders. Various police operations focussed on prioritising the apprehension of violent offenders (Op Narate, Leeward etc)	The APAC coordinator resigned in October. A new chair has been appointed for both APAC & Pubwatch who will also be the radio coordinator. In addition, Op Player has been running for several weeks in Victoria ward. This involves high viz patrolling to act as a deterrent and ensure the early apprehension of violent crime offenders.	Kent Police
Review and comment on the ABC's Licensing Act policy in light of government changes to legislation	Draft policy for consultation Nov 2013. All regulatory authorities respond to consultation	Summary of policy to CSP	Not started	Not yet started due to implementation of SMDA	Preparation has commenced and it is hoped to be taken to Council by end of March 2014.	ABC Licensing
Support and enhance Ashford's PubWatch and develop PubWatch in Tenterden	Increase regular attendance to 12 per month in Ashford and establishment of PubWatch in Tenterden	Numbers attending. Reduction in violent crime associated with NTE	Since the Co-ordinators unplanned absence December to May no Pubwatch meetings were held. The first one was organised by the Co-ordinator had 12 members attend. There were no incidents that required an individual being put on Pubwatch Exclusion List. Tenterden is an ongoing project, and the Kent Link does not appear to be working and ABC's IT department are trying to assist with resolving the problem.	Meeting held today 9/9/13 regarding Tenterden Radio system which is required to enhance any Pubwatch group in Tenterden. At present 22 persons excluded in the Ashford Pubwatch area. New Posters have been produced by the Partnership for issue to licensed premises to be displayed in premises. Licensing Officer has taken this on board.	The APAC coordinator resigned in October. A new chair has been appointed for both APAC & Pubwatch who will also be the radio coordinator with the intention to expand the radio network sign up and also to expand into the Tenterden area.	APAC
Improve reporting structure with Street Pastors	Information from pastors is passed quickly and securely to identified partners	Audit of information sharing, effectiveness & feedback from pastors	New reporting form and procedure in place	Weekly reports are continuing to be provided on the new template, when received information is checked & anything relevant to partners is circulated.	Ongoing and reports with any information needing to be shared with partners are distributed as appropriate.	ABC Community Safety Services
Run Operation Caddy in 4 schools (drug dog days), providing educational information about drug searches, demonstrating skills of sniffer dogs	Increase in drug awareness. Pupils caught with drugs offered a place on a drug treatment programme	Target number of schools & number of pupils	Op Caddy carried out at Ashford Girls School, Homewood School and Towers School	No further Caddy events this quarter. There is now limited availability of drugs dogs, but attempts will be made to carry further operations in the autumn term.	Op Caddy events at K College and a further event at Towers School.	Kent Police

Education in schools around consequential thinking for bullying / violence	Educational visits to 6 secondary schools	Number of schools/pupils engaged with. Reduction in youth on youth crime	Inputs given to 5 Secondary schools and 3 primary schools. Topics covered: Internet safety, bullying, cyber bullying, sexting, ASB & drugs.	No progress over summer months due to holidays. This programme to be continued in the Autumn term.	5 x Secondary schools with various inputs on E-safety, drugs, public services, sexting and ASB. 3 x Primary schools on ASB and what the police do Wyvern School on what the police do 1 x Secondary school with Kent Police "Is It Worth It?" tour.	Kent Police
Enforcement of DPPO	All neighbourhood staff to be briefed	Reduction in alcohol related crimes	All NHT staff have been briefed and are fully aware of DPPO. A police led DPPO OP has been carried out and the power to move people on has been used on several occasions. Feedback from local residents and town centre drinkers shows that there is a high awareness of the Order and that it is having a positive effect.	DPPO regularly enforced & a number of S27 notices to leave the area given. Task & finish groups re: Memorial Gardens has resulted in a large amount of activity to target town drunks using various tactics - this has resulted in a reduction of complaints about their behaviour in the gardens & town centre.	DPPO regularly enforced and well known amongst town centre drinkers. Recent Drinks Banning Order obtained by police licensing officer is the first in Kent and prohibits the recipient from entering on licensed premises in Ashford.	Kent Police
