

Selection & Constitutional Review Committee  
4<sup>th</sup> May 2010

# Additional Papers 2

## **Agenda Item 7 – Background and Principles of Political Balance and Administrative Structure**

### **Appendix D – Delegations to the Development Control Manager/Strategic Sites and Design Manager**

The Head of Legal and Democratic Services has requested that members consider the inclusion of an additional delegation to allow officers to make minor amendments or corrections to the wording of conditions or reasons etc in Planning Committee decisions. This is simply to avoid the need to delay decisions being issued or to trouble members with minor wording changes of an administrative nature.

The recommended additional delegation is shown below:-

*17.2A – To make minor amendments or corrections (of a clerical, grammatical or editorial nature only) to the wording of conditions, obligations, reasons, informatives, etc in order to give effect to the decisions of the Planning Committee.*

If the Committee is minded to agree to this additional delegation, recommendation (ix) of the report should be amended by the addition of the wording '*and subject to the change as set out in the Additional Papers 2 document at the end of the existing recommendation*'.
