Report Title: Street Trading Policy

Report Author & Job Title: Mrs Alison Simmonds
Licensing Officer

Portfolio Holder Cllr. G.J. Bradford
Portfolio Holder for: Community Safety and Wellbeing

Summary:	The purpose of this report is to present to Cabinet an updated Street Trading Policy for subsequent approval by the Council.
-----------------	--

Key Decision: NO

Significantly Affected Wards: All

Recommendations: **The Cabinet recommends to Council approval of the Street Trading Policy 2018.**

Policy Overview: There is no statutory duty to prepare, consult on and publish a Street Trading Policy; however, it is considered good practice to provide information that guides members of the public, applicants, elected members and officers on matters relating to street trading.

The aim of the Council's street trading policy is to encourage a street trading environment which complements premises based trading, is sensitive to the needs of residents, provides diversity and consumer choice, and seeks to enhance the character, ambience and safety of local environments.

A revised street trading policy will promote economic development through consistent standards.

Financial Implications: None relevant to the policy update. Fees are in operation to cover the cost of administering street trading licence & consent applications. There are reviewed annually.

Legal Implications Under the Local Government (Miscellaneous Provisions) Act 1982, a local authority may impose limitations on street trading within its area. Ashford Borough Council has adopted Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 for the whole of its area and has designated all streets in the area as 'consent streets' for

street trading purposes, with the exception of a number of streets in Ashford Town Centre, which are designated 'licence streets'.

The effect of this designation is that street trading in any street is prohibited, subject to legal exemptions, without first obtaining a street trading consent or licence from the Council.

The existing policy was approved by Cabinet in 2011 with amendments made in 2013.

Equalities Impact Assessment

See attached

Other Material Implications:

The revised policy will increase the efficiency of the licensing team by introducing improved processes and procedures.

Report Title: Street trading Policy

Introduction and Background

1. The purpose of this report is to present to cabinet a revised licensing policy and to recommend to Council for approval.
2. The Local Government (Miscellaneous Provisions) Act 1982 schedule 4 governs the control of street trading.
3. Although there is no legal requirement for a policy with respects to this subject, such a policy guides members of the public, applicants, elected members and officers on matters relating to street trading.
4. Under the Local Government (Miscellaneous Provisions) Act 1982, a Local Council may impose limitations on Street Trading within its area. Ashford Borough Council has adopted Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 for the whole of its area and has designated all streets in the area as 'consent streets' for street trading purposes, with the exception of a number of streets in Ashford Town Centre, which are designated 'licence streets'.

The effect of this designation is that street trading in any street is prohibited, subject to legal exemptions, without first obtaining a street trading consent or licence from the Council.

5. Local authorities are concerned not only with consumer protection but also with the suitability of those who are street traders, what they sell, and any nuisance and inconvenience or obstruction that they may occasion to those using the streets in question.
6. The aim of the Council's Street Trading Policy is to encourage a street trading environment which complements premises based trading, is sensitive to the needs of residents, provides diversity and consumer choice, and seeks to enhance the character, ambience and safety of local environments.
7. The Policy contains guidelines for potential applicants and advises members of the public, elected members and officers as to how Ashford Borough Council will consider applications for street trading in the Borough.

Proposal/Current Position

8. The Cabinet is asked to recommend approval of the revised policy with any changes the Cabinet deem necessary, where these are commensurate with powers available to the licensing authority.
9. The updates to the Policy include:
 - General formatting/layout changes
 - Minor amendments for the purpose of clarity

- Inclusion of market pitch fee payment through standing order (previously cash payment)
- Reflection that Tenterden Town Council will be the consent holder for Tenterden Street Market with effect 1st April 2018 and,
- Closure of the Council maintained roadside pitch waiting list in favour of web advertised pitches. This will be offered on a 'first come first served basis'.

10. The proposed policy is provided at Appendix A.

11. The current version is available via <https://www.ashford.gov.uk/licensing/street-trading/>.

Implications and Risk Assessment

12. The revised policy document is not considered to pose any new risks or adverse implications.

13. The policy has been drafted to reflect current legislative requirements. Judicial review is a risk if the Policy strays beyond the requirements of the act, or restrict legal activities without due and appropriate cause.

Equalities Impact Assessment

14. An Equalities Impact Assessment is attached as Appendix B. The update to this Policy does not have any equality impact implications.

Consultation Undertaken

15. There is no requirement to consult on the changes, however, the proposed changes have been detailed on the Council's website since early March 2018 and existing licence holders have been written to so that comments and suggestions could be made. The closing date for comments was 31 March 2018.

16. One letter from an existing trader raised concerns over how the Policy layout i.e. style and another commented that 'The Council's proposal to review and revise its street trading policy ought not to attract adverse comments from existing licensed traders. I trust the Council will commit to closely liaise with market traders to ensure a betterment of not only Ashford lower high street, but also the market itself'.

Other Options Considered

17. The requirement to implement and enforce the Act is an adoptive duty. Alternate options to this policy include deregulation, variations on the theme, or not having a policy. There is no statutory duty to have a written policy for this subject.

Reasons for Supporting Option Recommended

18. The revisions to the policy are relatively minor, reflect changes in legislation and seek to clarify some aspects of the original policy. This approach is

recommended to ensure that the policy remains up to date, and effectively can be usefully applied by the council, officers, applicants, and the public.

Next Steps in Process

19. Once adopted the revised policy will be made available on the Council's website.
20. The policy will be subject to periodic review, along with any review brought about by changes in council approach, or change to relevant legislation

Conclusion

21. In summary, the changes proposed ensure that the street trading policy is an up to date document and fit for purpose.

Portfolio Holder's Views

22. "The revised policy provides clarity and an essential update for the public, council officers and members and I fully support its recommendations" - Councillor G.J. Bradford

Purpose

1. The Council's street trading aim is to create a street trading environment which compliments premises based trading, is sensitive to the needs of residents, provides diversity and consumer choice, and seeks to enhance the character, ambience and safety of local environments.
2. The policy recognises the importance of street trading to the Borough of Ashford and that it can add to the vibrancy and vitality whilst not adding to nuisance and crime and disorder.
3. Through its tourism service and by other means, the Council will seek opportunities to promote street trading activities.
4. This policy will complement and inform other Council initiatives including those on street markets and life in the public realm.
5. This policy will be the subject of monitoring and review after five years.
6. This policy will be applied in a manner which is consistent with the Council's equalities policies.

What is Street Trading?

7. Street trading means selling, exposing or offering for sale any article in a street. The term 'street' includes any road, footway or other area to which the public have access without payment.
8. Ashford Borough Council has adopted Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 for the whole of its area and has designated all streets in the area as 'consent streets' for street trading purposes, with the exception of the High Street and Lower High Street in Ashford Town Centre, which are designated 'licence streets'.
9. The effect of this designation is that street trading in any street is prohibited, subject to legal exemptions, without first obtaining a street trading consent or licence from the Council.
10. This includes all streets, car parks, parks and all adjacent paved, grassed and ornamental areas.

Exemptions from the need to obtain a Consent or Licence

11. Some types of trade are legally exempt from the need to obtain a street trading consent or licence. These include:

- a person trading under the authority of a pedlars' certificate granted under the Pedlars Act 1871
- trade carried out by roundsmen e.g. milkmen
- trade carried on at a petrol filling station
- market created by statute or grant
- trading as a newsvendor
- trading in and around shops
- charity collections.

Street Trading Consents or Licences for which fees are not payable

12. Ashford Borough Council will not require the payment of fees for the following street trading activities:

- fetes, carnivals or similar community based and run events
- non-commercial or charitable events
- farmers markets (producer-managed marketplace for local producers to sell their own produce direct to local people)
- sales of articles by householders on land contiguous with their homes

Types of Consents and Licences

13. The types of consents and licences issued by this council are detailed below:

Static Consents

14. This will be for those wishing to trade on a street, at the same location, more than twice a week and/or for more than 4 hours a day. This licence is likely to require planning permission.

Examples would be: Tenterden market, burger vans and fruit and vegetable stalls.

Short Term Static Consents

15. This will be for those wishing to trade at the same location, no more than twice a week and less than 4 hours a day. A separate licence would be required for each location traded in. This licence will not usually require planning permission.

Examples would be: Food vendors such as Fish & Chip vans serving rural locations.

Hawker (previously known as Itinerant)

16. This will be for those wishing to trade at different locations within the Borough, for no longer than 20 minutes and do not return to the same location or within 200m, on the same day. No planning permission required.

Examples would be: Sandwich vendors and ice cream vans.

Licence

17. Ashford Market (Lower High Street)

The town Market operates on a Tuesday, Friday and Saturday between the hours of 0900 and 1500.

Some traders have 'inherited rights' to trade on Thursday.

Site Assessment for Consents

18. The Council will identify suitable 'pitches' for street trading and will maintain a list of available pitches via the Council's website.

Planning Permission

19. If a consent or licence is required, the onus is on the applicant to obtain both planning permission and permission to trade from the landowner prior to making an application for street trading consent. It is not the responsibility of the issuing Authority to investigate and obtain this information.
20. Having established that the site(s) is suitable in principle, a planning application must be submitted to the Planning and Development Unit. Advice on making a planning application may be obtained from the Council (www.ashford.gov.uk).
21. Operators should not submit a Street Trading Consent application until planning permission has been obtained. If planning permission has been granted, consultation requirements at 7.1 for street trading will be reassessed.
22. Before a new pitch is created by the Council or an applicant applies to use Council land for the purposes of street trading (non market) we may consult and seek written observations from some or all below. The site may also require planning permission which needs to be sought separately and will incur an additional fee, Para 10 refers.
- occupiers of premises immediately adjacent and opposite
 - ward councillors
 - parish or town council/community forum

- Kent Police
- Development Control (ABC)
- Highways (KHS)
- existing holders of street trading consents in the immediate area

23. In determining whether to create a street trading pitch the Council will have regard to:

- any effect on road safety, either arising from the siting of the pitch or from customers visiting or leaving
- any loss of amenity caused by noise, traffic or smell
- existing Traffic Orders e.g. waiting restrictions, parking, etc
- any potential obstruction of pedestrian or vehicular access
- any obstruction to the safe passage of pedestrians
- the safe access and egress of customers and staff from the pitch and immediate vicinity
- congestion,
- impact on the character of the area

24. The Council will also consider any responses received in relation to a public notice on the highway.

25. Twenty-eight days will be given to consultees to make comments / objections. If no comments are received, the application will be granted in the terms applied for with standard conditions attached to the consent.

26. Any proposed change to standard conditions will be consulted with consent holders and others, if relevant.

27. There is no right of appeal against refusal to issue consent, but where an application is refused, payment of the application fee shall be refunded.

Issue of Street Trading Consents/Licences

28. Licences and consents will specify the trading day(s) and timings in accordance with varying factors including their location.

29. Fees for the grants of consents and licences must be paid in full on application. In the case of renewals, payments must be made on a monthly basis via standing order.

30. Pitch fees for Ashford Market are payable on a monthly standing order.

31. Failure to maintain payments as above may result in the permission not being renewed or being revoked.

32. It should also be noted that a consent/licence cannot be issued to a person under the age of 17 years. An application may be refused if the applicant is unsuitable to hold the consent/licence by reason of having been convicted of an offence or for any other reason.

33. In addition to the requirement of having a street trading permission, applicants who sell hot food or hot drinks between 11.00 pm and 05.00 am will need a premises licence under the Licensing Act 2003. Information is available at www.ashford.gov.uk/premises-licence

Fee Structure

34. The fee structure for consent pitches will primarily reflect pitch location, trading days and hours and the Community Safety and Wellbeing has delegated authority to set fees and to annually review the fee structure.

Special Events

35. At special events, Ashford Borough Council will issue one consent or licence to the person organising the event, rather than to each individual trader if that person or company is responsible for all traders under their permission.

36. The Council will require that the company produces a list of the individual traders before the trading day and that the traders hold and are able to produce some authorisation from the company organising the event.

37. The Council will require the operating company to hold an insurance certificate covering all the individual traders to the value of £10,000,000.

38. This policy is aimed at promoting events and encouraging more traders to attend them.

39. We will issue a single consent or licence, which will cover a number of traders. The number of traders covered is as follows:

- Category 1 – Up to 20 traders
- Category 2 – Over 20 traders

40. If the event is being held on behalf of raising funds for a charity, etc the fee will be waived.

Markets

Ashford Town Market

41. The market operates on a Tuesday, Friday and Saturday with some traders historically entitled to trade on a Thursday also. Stalls should be set up and

vehicles removed off site by 9am when the market opens. Traders typically set up between 0700 – 0800 until 3pm. From 3pm, vehicles are allowed on site and stalls should be packed away as quickly as possible giving attention to health and safety as public will be in the area. This may be altered during the winter months and/or during periods of bad weather with consent of the Market Toby and/ or Licensing.

42. All waste generated from each stall should be removed from site by the stall holder at the end of the trading day. Traders are required to dispose of their waste themselves ensuring legal compliance.

Appendix C: Guidelines relating to the relevance of convictions

1. General policy

- 1.1. It should be advised that the relevance of prior convictions applies to persons applying for grant or renewal of a licence or street trading consent.
- 1.2. Each case will be decided on its own merits
- 1.3. The Council will assess whether an applicant for the grant or renewal of a street trading consent or licence is a suitable person to hold or to continue to hold a street trading consent
- 1.4. In considering the previous convictions of the applicant, the Council will consider the following:
 - whether the conviction is relevant;
 - the seriousness of the offence;
 - the length of time since the offence occurred;
 - whether there is a pattern of offending behaviour;
 - whether that person's circumstances have changed since the offence occurred; and
 - the circumstances surrounding the offence and the explanation offered by that person.

2. Offence types

The following is a description of the Council's general approach to certain categories of offences.

2.1. Dishonesty

The holders of a street trading consent and licence and their assistants have to be persons who can be trusted. It is easy for a dishonest trader or assistant to take advantage of the public.

Members of the public using a street trading outlet expect the holder and his assistant to be honest and trustworthy.

For these reasons a serious view will be taken of any conviction involving dishonesty. In general, an applicant for the grant or renewal of a street trading consent is unlikely be granted a street trading consent where the application is made within 3 to 5 years of a conviction or the date of release from jail.

2.2. Violence

As street traders and their assistants have close contact with the public, a robust approach will be taken with applicants who have

convictions for violence. In cases where the commission of an offence involves loss of life, a street trading consent or licence will normally be refused. In other cases, a period of 3 to 10 years free of conviction from the date of conviction or the date of release from jail where a custodial sentence has been imposed, depending upon the nature and seriousness of the offence(s), will generally be required before an application is likely to be considered favourably.

2.3. Drugs

Where an applicant has a conviction for an offence that relates to the supply or importation of drugs and the date of the conviction or the release from jail, where a custodial sentence has been imposed, is less than 5 to 10 years before the date of the application, an application will normally be refused. After 5 years from a conviction or the date of release from jail, where a custodial sentence has been imposed, the circumstances of the offence and any evidence which shows that a person is now a suitable person to hold a street trading consent will be taken into consideration.

An application will normally be refused where the applicant has a conviction for an offence relating to the possession of drugs and the date of the conviction or the release from jail, where a custodial sentence for such an offence has been imposed, is within 3 to 5 years of the date of the application. After a period of three years from conviction or the date of release from jail where a custodial sentence has been imposed, consideration will be given to the circumstances of the offence and any evidence to show that an applicant is a suitable person to hold a street trading consent

An application will normally be refused where an applicant has more than one conviction for offences related to the possession of drugs and the last conviction or the date of release from jail, where a custodial sentence has been imposed, is less than 5 years before the date of the application.

2.4. Sexual and indecency offences

As the holders of street trading consents and their assistants, and in particular those who sell ice cream, have access to children, applicants who have convictions for rape, indecent assault, any sexual offence involving children and any conviction for an offence under the Sexual Offences Act 2003 will normally be refused a street trading consent. Where an applicant has a conviction for a sexual offence such as indecent exposure they will normally be refused a street trading consent until they can show a substantial period usually between 5 and 10 years free of any such convictions from the date of conviction or the date of release from jail where a custodial sentence has been imposed.

After a period of 5 years from conviction or the date of release from jail, where a custodial sentence has been imposed, consideration will be given to the circumstances of the offence and any evidence to show that an applicant is a suitable person to hold a street trading consent.

When considering applications, the Council may take into account any information of a sexual nature which does not amount to a criminal offence that is brought to its attention where that information may indicate that an applicant may not be a suitable person to hold a street trading consent. In cases where the Council considers that information shows an applicant is not a suitable person, it will normally require a period of not less than 5 years free of such incidents from the date on which the incident occurred or, if more than one from the date of the last incident.

2.5. Motoring convictions

In most cases, motoring offences are unlikely to be relevant when deciding if an applicant for a street trading consent is a suitable person. However, there may be instances where the offences are of a very serious nature. In those cases, an applicant for a street trading consent would be expected to show a period usually between 3 and 5 years free of any such convictions from the date of conviction or the date of release from jail, where a custodial sentence has been imposed.

2.6. Formal cautions and fixed penalty notices

For the purposes of these guidelines, the Council will treat Formal Cautions issued in accordance with Home Office guidance and fixed penalty notices as though they were a conviction before the courts
