Keepers Lodge
TN26 1JX
460m to application site

Little Goldwell Farm,
Little Goldwell Oast
TN26 1JS
850m to application site

All distances measured on CAD as the crow flies.

Countryside views from Five Oaks and Keepers Lodge reflecting the significant height increase to that of Oakwood.

View from the same lane towards Etchden Wood.

Frames taken during late autumn 2017 showing the marquee, the lodge, the access drive shared with Oakwood Cottage and the setting of the marquee alongside. This again indicates the lower site levels compared to the surroundings and the lack of visibility even with less leaf cover.

View of the marquee from within Oakwood Cottage garden – spot the marquee! Third frame looking South showing the remaining hardstanding (left by previous owners) and the parking area.

Frames showing access to service tent with Oakwood Cottage in the background (centre image) indicating the lower level of the marquee to the surroundings.

Taken following the Applicants' daughter's wedding :-
Frames showing the inside of the marquee with disabled ramp
access adjoining the lodge, and part of the inside of the lodge
laid out as a guest bar.
